To promote scientific temper amongst school children.

Date 10th September 2022

Participants -51 students from BSc II B

Beneficiaries-100 students from classviii,ix and x.

Venue –Kasturba Kanyashala Amravati

Objective-To promote scientific temper amongst school children.

Science is very important for the growth and development of India, It even plays a key role in our daily lives. Science has contributed to all the sectors. **Science has improved the global economy, increased employment opportunities, saved millions of lives and has played a major role in a lot of industries.**

Since 2005, to promote scientific temper among school students of Shivaji Education Society department of Chemistry conducts Science Awareness Program for the school children of our under the guidance of the convener Dr Anjali Bodade. It is a two fold activity ' by the U.G.students for the school students

This year on 10 th September 2022 the event was arranged for the Kasturba Kanyashala Amravati. Fifty one students from B.Sc II Bio participated in demonstration of experiments,

All the college students had reached by 7.00 am and joined the assembly. Akansha Mauli gave motivational guidance on humanity and also recited prayer for the school students. The event was open to all the students of the school. Students presented their models based on topics form chemistry, physics, ecology,girls problem,biology, etc; Models of electricity conducting, lava lamp,, hydroelectric generators, human nervous system, water cycle, human respiration, study of human skeleton, periodic table, etc, was presented by the students. Principal Mrs. Archana. H. Lunge and the science teacher Dhage mam extended a good co-operation for the success of the event Mrs.Lunge along with the school staff and Proffessor Anjali Bodade,Dr Archana Bodade (Ass. Professor of physics deppt.), Dr Vandana Khobaragade mam(Ass. Professor of chemistry deppt.) monitored the models designed by the students and assessed the descriptions given by the students.. Apart from models, the students also organised visual presentations to help everyone understand the concepts of their working models. The sc hool cooking staff was also prepared Khichadi for all the students.Mrs. Anjali Bodade Mam guided the students on the importance of the contributions of the young generations to the field of science and technology. The program ended with the Principal speech extending her gratitude to Anjali Bodade Mam and congratulating all the students who participated in the exhibitionThe report is drafted by Ms Arpita Damle.

Strengthening Chemistry knowledge of school children

Date Thursday, 22/12/2022

Beneficiaries-80 students from 9th class students

Venue –Shri Shivaji Science College, Amravati

Objective- To strengthen the knowledge of school children

Visit of 9th class students of Shri Shivaji Multipurpose High School and Junior College, Amravati

Aim: TO STRENGTHEN THE KNOWLEDGE OF SCHOOL CHILDREN BY INTRODUCING EQUIPMENTS, GLASSWARE, AND CHEMICALS THROUGH EXPERIMENTS IN CHEMISTRY

On the eve of Dr Bhausaheb Panjabrao Deshmukh Birth Anniversary, Department of Chemistry organized visit of school children on Thursday, 22/12/2022 at 2.30pm. The purpose of this activity is to strengthen the knowledge of school children by introducing equipment, glassware, chemicals through experiments in chemistry laboratory. This activity is conducted under the guidance of Dr. G. V. Korpe, Principal, Shri Shivaji Science College, Amravati, Dr. A. S. Burghate, Head, Department of Chemistry. This activity is carried out by Dr. S. A. Wadhal, Convenor along with the committee members Dr. Y.S. Thakare, Dr. N. A. Kalambe, Dr. H.G. Wankhade, Dr. S. P. Ingole and Dr. V.B. Khobragade. The teacher in charge of school were Mr. Sudhir Malve, Mrs. A. M. Ardak, Mrs. S.V. Patil.

Objectives of the Activity:

Following are the objectives of this activity

1. To inculcate scientific knowledge.
2. To improve the knowledge of laboratory instruments to the school children.
3. To aware school children about Viscometer, Separation of mixture, Introduction to different Indicators through experiments, pH determination in vegetables and fruits in the laboratory.
4. To aware school children about various glass wares in the laboratory.
5. Demonstration of chemistry experiments to the school children.
6. To create awareness about safety in chemistry laboratory.

Objectives of the activity achieved:

1. Children were able to retain the knowledge for longer when they saw the experiments being performed in front of their eyes.
2. School children got basic ideas of instrumentation, glassware and chemicals of chemistry laboratory.
3. School children got knowledge related to Viscometer, Separation of mixture, Introduction to different Indicators through experiments, pH determination in vegetables and fruits, Experiments of organic synthesis.
4. They gained the procedure and importance of Melting point determination and its applications.

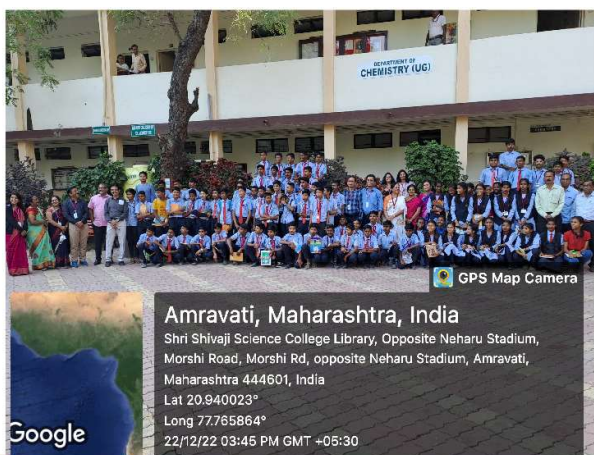

5. They got knowledge about safety in chemistry laboratory.

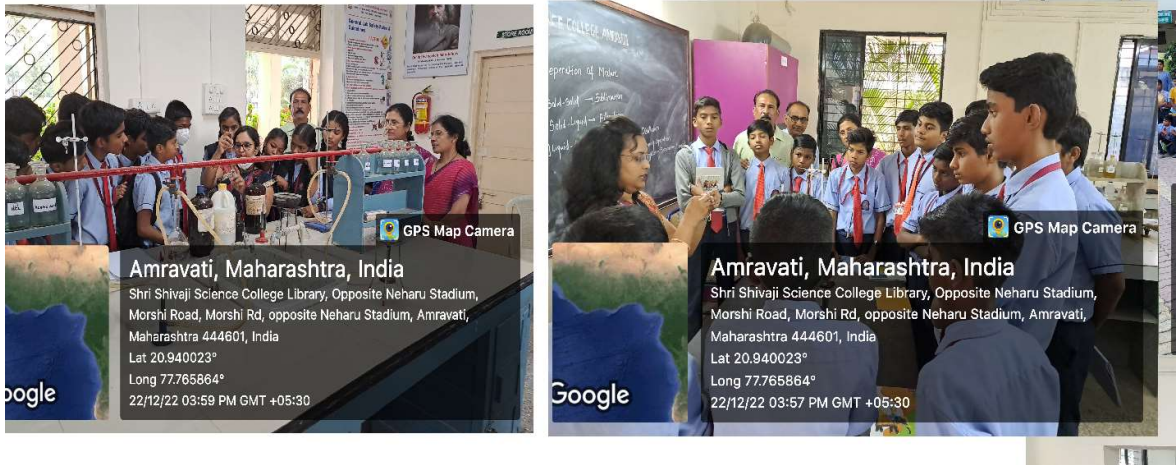

Details of the Activity conducted:

Effective teaching and learning of science involves a perpetual state of show and tell. It is believed that laboratory teaching and experiments that are being conducted there help encourage deep understanding of science in children which is the main aim of this activity. In this visit of school children total 80 students of *Shri Shivaji Multipurpose High School and Junior College, Amravati* visited our Laboratory.

Following experiments were explained to school children.

1. How to reflux organic reactions using round bottom flask and water condenser.
2. Melting point determination.
3. Crystallization of various compounds and its applications
4. Introduction to indicators and its uses in different types of titration.
5. Determination of pH of vegetables and fruits using laboratory techniques.
6. Separation techniques of mixtures: Sublimation, Filtration, Distillation and gravity separation by using separating funnel.
7. Identification of acidic radicals and introduction of various reagents of laboratory.

Intra collegiate Seminar competition for B.Sc.-II

Department of Chemistry, Shri Shivaji Science College, Amravati conducted the Intra-Collegiate Seminar Competition on Monday 17 April 2023 at 3:40 PM at A.V. Theatre. The seminars were focused on various topics of chemistry that included addressing the full aspects of the topics. All the participants from various groups of our college and faculty members were present for this seminar competition. Dr. A.S. Burghate, Professor & Head, Department of Chemistry, Shri Shivaji Science College Amravati was the Chief Guest of the Inaugural Ceremony. In her speech she told about the importance and main objective of seminar competition. She also told about the Seminars hold great importance in the students' life. Such competitions are the platforms not only to learn new aspects, others perspectives and latest information, but also a good way of networking, by learning about new topics and meeting leaders in their field student feels encouraged and motivated. Introductory speech was given by Dr. H. G. Wankhade, Convener of the Seminar Competition. In her introductory speech she told about the aims of organizing this seminar competition and its importance.

Dr. S. K. Rithe, Organizing Secretary, has introduced the chief guest and the judges present for the inaugural function. Dr. Mrunal Mahajan, Assistant Professor, Brijlal Biyani Mahavidyalaya, was the Judge for this seminar competition.

After an inaugural function, the student-participants have delivered their seminar in the presence of honorable judge.

The topics were based on B.Sc. II Semester 4 syllabus of Chemistry as mentioned under-
Unit 1: General principles of Metallurgy.

Unit 3: Carbohydrates.

Unit 6: Crystalline state.

There was enthusiastic participation of all the students with good presentation and question answer session was well mannered by the judges. Overall the students have given nice response. After the completion, three best students were selected by the judge and they were are as follows:

1. First Prize - Ms. Darshana Ghebad.
2. Second Prize - Sarvesh Ravindra Jade.
3. Third Prize - Atharv Pramod Girnale.

The prize distribution program was chaired by Dr. A. S. Burghate, Professor & Head of the Department of Chemistry, Shri Shivaji Science College, Amravati. The chief guest, Dr. P. R. Mandlik, Coordinator P.G. Department of Chemistry, respected judge Dr. Mrunal Mahajan, Dr. H. G. Wankhade, Convener of the seminar and, Dr. S. K. Rithe Organizing Secretary. Respected Chief Guest and Judge were also distributed the certificates to the participants. After completion of prize distribution ceremony, Dr. A. S. Burghate, congratulates the winner of this seminar competition. In her presidential address, Dr. Burghate especially praised the students and said that the program should be repeated so that the students can learn something from it as well as their confidence will increase and they will be able to stand on their own feet in the future.

No Tobacco Day

Date -31st May 2022

Participants – 39 NCC cadets

Venue – College campus

Objective- To spread awareness

No Tobacco Day (31st May 2022)

The rally was organised by the cadet of Shivaji Science College and Manibhai Gujarati High school Amravati on the eve of the World No Tobacco day. The rally begin from Shri Shivaji Science College to the panchavati square.

The cadet shouted the slogan throughout the rally"ham sabka yahi Sapna Nasha mukt Ho Desh apna"The cadets' enthusiastically spread awareness amongst various peoples and the small pan shops against this tobacco and inform them the drawbacks and its adverse effects on the body. It is requested to owner of Small pan shop not to sell any tobacco containing item to the youth which is in their age group 14 to 18 years.

Around 40 cadet along with ANO Capt. Dr. N.H. Bansod and CTO A.K.Seta participated in a rally.

World Wildlife Week-2022 Celebration

Date: 2nd to 8th October 2022

To mark 'World Wildlife Week-2022, Department of Zoology, Shri Shivaji Science College, Amravati has organized the following activities which were conducted with organising committee members- Dr. J. D. Dhote, Convener & Head, Dr. C. S. Ukesh, Chairperson & Head, Deptt. of Microbiology, Shri Shivaji Science College, Amravati, Dr. G. A. Wagh, Organizing secretary, Dr. A. R. Rajoria, Joint Organising secretary and Dr. S. J. Kawade, Dr. A. S. Tekade, Mr. V. L. Rane and Ms. B.S. Chaudhary as technical committee members

Following Activities to be carried out in Wildlife Week:

i) Knowing the threatened wildlife -Wildlife of the day- Day wise display of Threatened wildlife form Non-chordate to Chordate was done in order to spread awareness about depleting wildlife and develop interest in wildlife conservation. Starting Day-1 by Indian Pangolin; Day- 2- Great Indian Bustard; Day- 3- Indian Gharial; Day-4- Malabar Tree Toad; Day- 5- Mahseer and Day-6- Blue Mormon.This activity conducted bu Dr.G.A.Wagh and Dr.A.a.Rajoria.

ii) Hands on training of Laboratory instruments use in Wildlife research: To make students aware of basic instruments used in life sciences, a session was being taken to make students understand the use, working and maintenance of laboratory instruments.

iii) PG Induction on Scope of Zoology in Wildlife Research- As a part of curriculum, PG induction programme of M. Sc. Students was taken to introduce students with the department, faculties, non-teaching staff, research scholars and respective PG Labs & research lab.

iv) Workshop on "Role of Photography in Wildlife Research"- workshop was taken to emphasis on the importance of Photography in wildlife research. Teachers, students participated in this workshop. Technical session conducted by **Dr.G.A.Wagh**.

Visit to Salbardi Forest and Ancient Caves:

Date: 08.10.2022

47 students accompanied by 2 Teaching faculty

Department of Zoology had arranged a Zoological Excursion for B. Sc.- 1 Year Students as per newly included Skill Enhancement Module of CBCS Curriculum implicated by Sant Gadge Baba Amravati University, Amravati. So, a total of 47 students accompanied by 2 Teaching faculty, 1 Non- Teaching staff and 2 Research Students were enrolled for this excursion destined to Salbardi Forest and Ancient Caves, Tq. Morshi, District Amravati which is a part of Satpuda Mountain Ranges in order to Study and document the faunal diversity on 8th October, 2022. The visit included onsite inspection of cave sites, trekking and data collection during this whole day related to faunal diversity. This field visit was organized as a part of World Wildlife Week Celebration-2022. The visit was organized under the guidance of Dr. G. A. Wagh, Dr. A. R. Rajoria Teaching Faculty with Mr. Abhijit Solankhe, Non- Teaching Faculty and Research scholar, Mr. Pratik Chaudhary & Ms. Vaishnavi Kuralkar. The basic rules and all necessary precautions and formalities were taken by the accompanied teaching and non-teaching staff.

Understanding Human Organs

Date: 11.10.2022

110 students of B. Sc II Sem. III

An Educational Visit was organized by the Department of Zoology, Shri Shivaji Science College, Amravati on **11 October, 2022** from **10.00 am - 12.30 pm** to the **Human Anatomy Museum at Dr Punjabrao Deshmukh Memorial Medical College (PDMMC), Amravati**. The visit was organized as a part of the Zoology Curriculum of B. Sc. II Sem III and to impart Practical knowledge. The Students Visited the Dissection hall and the Human Anatomy Museum of the PDMMC Hospital.

Regarding the same all necessary precautions with respect to the students was taken by the in-charge teachers. The visit enhanced the Practical knowledge about Mammalian Organ Study and Osteology in the students. The In-charge Teachers were: **Dr Sujata Kawade**, Assistant Professor Department of Zoology; Ms.Bhagyashree Kadu and Ms.Saraf Madam. Prior to the visit due permission was taken from Dr G. V. Korpe, Principal, Shri Shivaji Science College, Amravati and also Permission was taken for Visit from the Dean of PDMMC hospital and Medical College. A total 110 students of B. Sc II Sem. III Zoology were present for the Visit.

The students first visited the Dissection hall of the PDMMC hospital where a number of preserved human organs were kept on display like the human Excretory System, the human Female Reproductive System and the human Male Reproductive System, the stomach, Pancreas, Liver, Lungs, heart and Human Brain. In the Human Anatomy Museum the students were shown the human Skeleton, Parts of Human body like the cross section of the human head region. Also parts of human hands and legs, human embryos and many charts were on display.

Visit to Simbora National Fish Farm Hatchery

Date: 07.10.2022

72 students and 2 Teaching staff and 1 non-teaching staff

The objectives of the excursion were to study fish farm hatchery which was included in their syllabus. Also, to study in detail about circular hatchery, its component, its operation and the variety of fresh water fish species. At Gorewada Zoological Park we observed animals' diversity. Field study is an essential part of the study of life sciences. To study the animal in the natural environment where all the animals live in their natural environment where all the animals live in their natural habitat is one of the most interesting and useful experience for a student of Zoology. A tour programme was planned for a day. It was journey from Morshi, Simbora Dam Fish Hatchery to Gorewada Zoological Park Nagpur. We covered Paradsinga Temple place in between.

It was a bright sunny morning on 7th October 2022 Friday. We all gathered in front of Shivaji Science College, Morshi Road, Amravati at about 7:00 am. There are 72 students and 2 Teaching staff and 1 non-teaching staff. During the assembly we instructed students about Do's and Don't's and the purpose of the tour etc.

1) Simbora National Fish Farm Hatchery

Our field visits to Simbora were guided in details by Dr. BhushanSanap (Fisheries Development Officer, Amt.) and BalajiPawar (Fisheries Development Officer, Amt.)The fish farm was spread in 33 hectare area with one spawning pool, Four hatching pools and 2 Nursery rearing tank. One large spawning cum-hatching pool.(Size 600 cm. diameter and 150 cm. height.)Four Small spawning- cum-hatching pools.(Size 184 cm. diameter and 77 cm. height.)And 3 large ponds were there. Mr. Bhushan explained us about the operation of the hatchery and rearing of broods. They also showed us how to harvest fish with the help of net, They allowed us to handle fish also. They told us about the output of the hatchery which I mentioned below.After completing our 1st destination around 10:00 am we moved to our next destination towards Nagpur (BalasahebThackery International Gorewada Zoological Park). In between we visited to famous Paradsinga Temple and there we had our breakfast.

2) Balasaheb Thackeray International Gorewada Zoological Park

Gorewada Reserve Forest was received for compensatory afforestation and protection of Gorewada lake which is drinking water source to city of Nagpur. The total area of 1914Ha is bisected by Nagpur-Katol Highway bisecting the area into 2 zones, viz North or Unit1 and South as Unit 2. This area is located at 10km from Nagpur Railway station and was easily accessible from city. An international standard zoo was proposed on this land to attract tourists from all over the world. Balasaheb Thackeray gorewada international zoological park Located within the City of Nagpur & prepared with the assistance of international consultants, it's the most important International Zoological Park In India and is open for citizens, The Zoo is known as after the dignifiedly famous late politician Balasaheb Thackeray. Government of Maharashtra had declared its intention for an International standard zoo at Nagpur in year 2006. In year 2008, Forest Department appointed Mr. Bernard Harrison from Singapore as consultant for creating the concept and DPR of this project. In 2009, the land and project were handed over to Forest Development Corporation of Maharashtra (FDCM) for faster implementation of Project. An area of 564Ha was proposed for development of zoo in Unit 2 of Gorewada Forest. The FDCM build a 29km boundary wall for protection of this land which enhanced the biodiversity of the region. In year 2015, Unit 2 of the region was opened for tourists through Gorewada Jungle Drive. Unit 2 of the region is good quality Forest with presence of wildlife like Leopard, Spotted deer, Sambar, Neelgai and more than 200 spp. of birds. In year 2016, Central India's largest Rescue Centre became operational at Gorewada. In same year, Government decided to establish a Special Purpose Vehicle (SPV) with private investor for development and operations of the zoo. An EOI was published to attract private investor into project. After several rounds of selection process Esselworld

Tourism Infra Pvt Ltd was selected as a Private investor and a Joint Venture company was established for design, development and operations of Gorewada Zoo.

Balasaheb Thackeray Gorewada International Zoological Park in Maharashtra has “Indian Safari” in its full glory!! Four stages of awe and wonder!!! LEOPARD SAFARI, SLOTH BEAR SAFARI, HERBIVOROUS SAFARI AND TIGERSafari. Within the near future it’ll encompass African SAFARI, night SAFARI, and tribal trial too what makes Balasaheb Thackeray Gorewada International Zoological Park an amiable place for both visitors and inhabitants are the open enclosures during which animals are kept. These open enclosures are created to resemble natural habitats.

A mix of rolling hills and crags, and meadows, lakes and rivulets, this dry-deciduous forest system is home to an incredible variety of flora and fauna. Our jungle safari was started at 4 P.M. The zoo started its operation with four safaris, namely Leopard, Sloth bear, Herbivores and Tiger. Leopard, Tiger and Sloth bear are spread over 25Ha each while herbivore safari is spread 6 over 40ha. A walking zoo is proposed in 2Ha area next to Indian safari which will have 10 enclosures for smaller animals. The development in process is in accordance to latest CZA guidelines and norms for immersive zoo experience. The safari was for 1 and half Hour. We spotted Black bug, Leopard, Tiger, Deer, Rabbits, Blue Bull, Peacock and beautiful birds round the corner. A destination replete with a guide in person to tell you all about the wild life & history of the wild park.

Tree plantation program

Date - 29 July 2022

Participants- 21

Objective- Conservation of trees

We all know the unique importance of tree planting. We are all familiar with viksh valli aamha Soyare Vanachare. We know the benefits of trees at every stage of life. During this Corona period, the concept of tree care came to the fore. Everyone paid attention to how to create oxygen by planting as many trees as possible in your home, in your area during the lockdown period. Tree lined streets have a traffic calming effect, traffic moves more slowly and safely. Trees offer many environmental benefits. Even though you may own the trees on your property your neighbors may benefit from them as well. Trees reduce the urban heat island effect through evaporative cooling and reducing the amount of sunlight that reaches parking lots and buildings. This is especially true in areas with large impervious surfaces, such as parking lots of stores and industrial complexes.

The annual tree planting program was organized in the college by the Department of Physical Education and Sports on 29th July 2022. College teachers, non-teaching staff and some students reported their participation in it, noting that no student was compelled to participate in these events as the college was closed during the Corona period. Cleanly some students were involved in this. The planting of Jambhulani, Sadafuli, Neem and Palas in the campus of the college was done by the principal of the college, Hon'ble Dr. G.V. Korpe Sir as well as the head of the sports department, Dr. R.A. Ingole as well as the heads of all the departments and professors enthusiastically participated in the program. Under this program, trees were planted in the women's dormitories in the college premises as well as around the playground and everyone also took a pledge to take care of these trees.

The tree is an integral part of everyone's life and it is very important to take care of it. The principal of the college gave guidance on how to take good care of all these trees by taking measures.

Department of Physical Education and

International Yoga Day

Date-21 June 2022

Objective- To maintain the good health

Participants-159

After a huge global epidemic like the coronavirus, the whole world realized the unique importance of physical education and sports. Even in the college, on behalf of the physical education and sports department, necessary efforts were made to maintain the good health of the students, teachers and non-teaching staff of the entire college. After the corona period, the enthusiasm of the students was different this year, while the session was being started on behalf of the physical education and sports department, the International Yoga Day was organized on 21 June 2022 in a grand manner. All the faculty, non-teaching staff and students of the college gave a spontaneous response on the said International Yoga Day. With the help of all of them, yoga specialist Vishwas Jadhav, Head of Physical Education and Sports Department, Dr. Rupali Ingole, Dr. Sugandha Bund, gave a demonstration and also filmed it online and distributed it to all the students and college professors. Those who could do it physically and those who could do it at home practiced yoga at home to celebrate this Yoga Day. The said Yoga Day was organized by the District Sports Office Amravati and the college.

On the occasion of this day, like every year, a national level quiz on Yoga and Pranayama was conducted online. A total of 922 members from various levels of India participated in the said quiz. E-certificates were also distributed to all the members who passed. On the occasion of Yoga Day, as yoga is very important for maintaining good health of every person, Dr. G.V Korpe, Principal of the college, advised that one should try to maintain good health by doing yoga on a daily basis.

At the beginning of the session, records of sports interests of all the students in various classes were taken by the Physical Education and Sports Department. Similarly, discussions were also held regarding how the students can gain proficiency in various sports by directly interacting with the students.

“Shevanti Cultivation & Conservation”

10th September 2022

A Report

Overview

Shevanti (*Chrysanthemum indicum* L.) is one of the most popular garden flowers grown in our country for its diversified beauty of colours, shapes, shades and keeping quality. On account of its origin and commercial production Asia it is called as ‘Queen of East’ or ‘Winter Queen’ as it flowers in winter. *Chrysanthemum* is a magnificent flower to embellish gardens and terraces. Everyone gets attracted towards the beautiful blooms of *Chrysanthemum* during winter season and wishes to have that blooms in their home garden.

Aims and Objectives

1. To increase the cultivation of different varieties of *Chrysanthemum*.
2. To develop interest among students towards *Chrysanthemum* cultivation and gardening.
3. To help students and gardeners for developing their gardening skills.
4. To add value to their programme
5. To enhance knowledge of gardeners about different types and varieties of *Chrysanthemum*.

Department of Botany, Vidya Bharati Mahavidyalaya Amravati in collaboration with Amravati Garden Club and Shri Shivaji Science College organized a Workshop on “Shevanti Cultivation & Conservation” on 10th September, 2022. The program was started by traditional welcome by offering Kumkum Tilak to the guest at the entrance of Department of Botany. Prof. Dr. T. K. Wasnik, Vise Principal, and Head, Dept. of Physics Vidya Bharati Mahavidyalaya, Amravati was chaired the workshop. Dr. Shashank Deshmukh, Principal, Shri Shivaji College of Horticulture, Amravati, Dr. Suchita Khodke, Head Dept. of Botany Vinayak Vidnyan Mahavidyalaya, Nandgaon Kd. and the Former President of Amravati Garden Club, Amravati & Mr. Anil Bhonde, Cashier, Bank of

Maharashtra, Badnera & *Chrysanthemum* Specialist were the resource persons for the workshop.

The workshop commenced with the warm welcome of all the invited guests, resource persons and participants. Dr. T. K. Wasnik, Wise Principal, Vidya Bharati Mahavidyalaya, Amravati graced the occasion with the presidential speech. The workshop was conducted in two sessions in hybrid form i.e. both online and offline mode. The first session was descriptive and the second was of hands-on (practical demonstration). In the first session, Dr. Suchita Khodke gave very useful information about suitable soil mixture, period of cultivation, diseases on *Chrysanthemum* and their management etc. through power point presentation. While in the second session, Dr. Shashank Deshmukh and Mr. Anil Bhone demonstrated the technique of cultivation of *Chrysanthemum* in pots and shared lot of information about how to take care of the plantlets at different stages of growth, how to take stem cuttings for propagation. All the participants were provided with a pot, soil mixture and plantlets of *Chrysanthemum* during the practical session. All the three resource persons responded to queries of the participants during both the sessions. Participants were fully satisfied with the workshop as they interacted with resource persons personally and got some special gardening tips.

The workshop was concluded with the vote of thanks given by Dr. M. U. Ghurde, Associate Professor, Department of Botany, Vidya Bharati Mahavidyalaya, Amravati. Around 50 participants were participated in the workshop. Certificates were distributed at the end for successful participation.

Outcomes

1. The participants developed their knowledge and skills of gardening.
2. The participants got lots of information about varieties and cultivation of *Chrysanthemum*.
3. The participants are able to apply their practical knowledge in field.
4. The participants were suggested with some business ideas as there is high demand of *Chrysanthemum* flowers and plantlets in the market.

The Amravati Garden Club Amravati in association with Shri Shivaji Horticulture College, Amravati recently organised a hybrid mode Workshop on Preparation and reclamation of Soil for Garden. The event was co-organised by Shri Shivaji Science College, Amravati and Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar.

Summer season is at peak and scorching sun is testing the patience of vidarbhians, Amravati garden club as always finds an opportunity even in this testing time and

planned to organise a Hybrid Workshop for the entire garden Lovers. The summer season ends with a blissful season of rain and the garden and plant lovers are always awaiting this season but before the arrival of the rain there is pretty much to be done in the backyard and garden. One of the tiresome and laborious job could be getting the soil and preparing the pots for plantation. The Workshop thus organised was primarily designed and timed to address this problem. The workshop covered all the vital and technical information regarding the type of soil, preparation of pots and reclamation of old garden soil. Composting and bio enzymes were also briefly discussed in the workshop. The workshop was chaired by the Principal of Shri Shivaji Horticulture College, Respected Dr Shashank Deshmukh. Also was present for the workshop was Dr Dinesh Khedkar, President of Amravati Garden Club, Amravati. The resource person for the workshop Dr Suchita Khodke and Mrs Shital Chitode has conducted the workshop. The event started with the garlanding of Dr Punjabrao Deshmukh followed by welcoming of the Resource person by the hands of Principal Dr Shashank Deshmukh and Dr Dinesh Khedkar. Dr Rekha Maggirwar, Seceretary of Amravati Garden Club, Amravati supervised the event and it was hosted by Dr Gajendrasingh Pachlore, while technical assistance was provided by Dr Umesh Kanerkar, executive member of Amravati Garden Club, Amravati. In the beginning of the first session, Dr Suchita Khodke gave information and presentation on the types of soil, Nature of Soil and physical and chemical Properties of Soil. She also gave a brief idea on different potting mixture for different garden plants ranging from Rose, Anthurium, Orchids,Chrysanthemum, Succulants and Cactus etc. later in her interaction she mentioned about reducing, recycling and reusing the household waste to prepare the Compost from them. She talked about bio enzyme and various other methods which could be used on day to day basis to rejuvenate and fertilize the plants. The second session of the Workshop was conduct members of Amravati Garden club, Amravati. Lead by Mrs Shital Chitode, assistant professor at Shri Shivaji Horticulture college, Amravati. She gave a demonstration on how to make a potting mixture. During her presentation she brought all different type of planting material and showed the participants proper methods and ways of making a potting mixture specific for the type of plant. The demonstration was followed by interaction session with the participants online and offline. Mrs Shital Chitode satisfied all the queries of the participants. The program was well coordinated by the support of teaching and Non-teaching staff of Shri Shivaji Horticulture College, Amravati along with the support and logistics of executive members of Amravati Garden

घराघरात बहारदार बाग फुलविण्याचा मिळणार कानमंत्र

- गंध मातीचा सुगंध फुलांचा माती मिश्रण कार्यशाळेचे आयोजन
- अमरावती गार्डन क्लब आणि श्री शिवाजी उद्यानविद्या महाविद्यालयाचे संयुक्त आयोजन

अमरावती (विदर्भ मतदार प्रतिनिधी): ग्रीष्म ऋतू अर्थात उन्हाळा म्हणजे खरे तर उकाड्याचा व प्रचंड उन्हाचा परंतु तो तितकाच आवश्यकी असतो. विविध फुलांसाठी फुलविणारे नागरिक या काळात पूर्वनवारी करित असतात. ज्यामध्ये प्रामुख्याने विचार होतो तो म्हणजे माती मिश्रणाचा, बागकाम किंवा लॅंडस्केपिंगसाठी निरोगी माती तयार करण्याच्या प्रक्रियेबद्दल जाणून घेण्यासाठी माती बनवण्याची कार्यशाळा हा एक आदर्श मार्ग आहे. माती बनवण्याच्या तंत्राचा अनुभव घेण्याचा आणि तज्ञांकडून शिकण्याची ही एक उत्तम संधी आहे. अनेक ऋतूमानानुसार वेगवेगळे उपग्रह राबविण्यासाठी प्रसिद्ध असणारा अमरावती गार्डन क्लब अनेक कार्यशाळांचा आयोजनात भर देत असतो. म्हणूनच बाग प्रेमिच्या मागणीला अनुसरून येत्या शनिवार २० मे रोजी अमरावती गार्डन क्लब आणि श्री शिवाजी उद्यानविद्या महाविद्यालयाद्वारा गंध मातीचा सुगंध फुलांचा माती मिश्रण कार्यशाळा (प्रत्यक्ष आणि आभासी माध्यमातून) रामपुती कॅम्प, स्थित महाविद्यालय परिसरात आयोजित करण्यात आली आहे.

महाविद्यालयांच्या सहयोगाने ही कार्यशाळा पार पडणार आहे. या कार्यशाळेत माती परीक्षण, मातीची रचना, माती पुरवठा, माती मिश्रण आणि बायो-कंपोस्टिंग सोबतच मातीचे हेल्थ कार्ड कसे तयार करावे या विषयावर शास्त्रोक्त माहिती देणारा वेगळ आहे. यामध्ये प्रात्यक्षिकाद्वारे उपस्थितांना प्रक्रियेची चांगली माहिती मिळू शकेल. मातीमिश्रण तयार करणे कार्यशाळेत सहभागींना प्रत्यक्ष अनुभवाचा अधिकाधिक फायदा मिळवता यासाठी अनेक बाबींचा समावेश करण्यात आला आहे. मातीचे असेच किंवा बायो कंपोस्टिंग सोबतच विषय घेण्यात आले आहेत. यात सहभागींनी स्वतःची माती तयार करण्यासाठी हाताशी असलेल्या सामग्रीची सूची तसेच क्रियाकलाप बागकार्य तसेच वनस्पतिशास्त्राच्या तज्ञ डॉ सुचिता खोडके, प्राध्यापक आणि विभाग प्रमुख, वनस्पतिशास्त्र विभाग, विनायक विज्ञान

महाविद्यालय, नांदगाव (खंडे.) तांत्रिक मार्गदर्शन करणार आहेत. द्वितीय सत्रात घरात असलेल्या जुन्या मातीची वापर कसा करावा तसेच गुणवत्तायुक्त नवीन माती तयार करताना मिश्रण कसे करावे? त्याचप्रमाणे मातीचे परीक्षण आणि पुरवठाविषय वाचकात होतिले विविध, सद्यस्थितीत, प्राध्यापक, श्री शिवाजी उद्यानविद्या महाविद्यालय, अमरावती प्रत्यक्ष प्रात्यक्षिकाद्वारे कृती करून दाखविणार आहेत.

बागप्रेमी नागरिकांनी सुट्ट आणि सोबेरी फुलवावे लावून त्याचा मनसोक्त आनंद घ्यावा, याकरिता मातीमिश्रण या महत्त्वपूर्ण विषयावर कार्यशाळेचे आयोजन करण्यात येत आहे.

- डॉ. शशांक देशमुख, प्राचार्य, श्री शिवाजी उद्यानविद्या महाविद्यालय, अमरावती

पर्यावरण संवर्धनासाठी नवनविन संकल्पना राबविणे अत्यंत गरजेचे आहे. अनेक दशकांपासून बागकार्य करित असलेल्या मातीप्रेमी असलेल्या अनुभव आणि शास्त्रयुक्त अभ्यासाच्या संयोगातून ज्ञान केलेल्या माहितीचे रुपंतर घराघरात बाग फुलविण्यासाठी झालेला कार्यशाळेचे फलित साधल्या जाईल. या आयोजनाचा नागरिक अवयव लाभ घेतील अशी खात्री बाटते.

One Day Workshop on Waste Mangement by Vermicomposting

Date - 17 September 2022

Venue –Vermicomposting unit

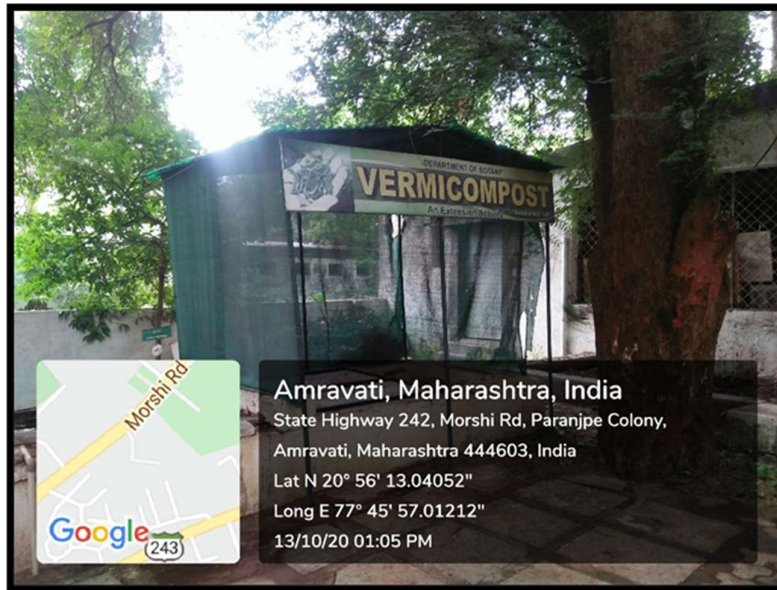

Students: 57

Every year the organic waste materials were collected from the college campus by the students. A special vermicompost tank was built in the botanical garden. In the race of population versus food demands of this hungry world, use of chemical fertilizers, chemical pesticides, insecticides are massively forced for the increase in crops production. Farmers are successively using chemicals since long generations. Such chemicals practises result in deterioration of the soil quality and moreover the fertility. Hence to prevent this mother earth from conversion into chemical laboratory attempts must be made for natural farming and to promote such resources to the society. Vermicompost maintains the texture of soil, pH, Fertility with good N, P, K, ratio for the crops. It is completely odourless and having well water holding capacity and maintains balance of nature. Such natural fertilizer increases resistance to the pest, insects and fungi etc with good soil aeration.

Report

On September 17, 2022, Shri Shivaji Science College orchestrated a one-day vermicomposting workshop for MSc students, skillfully coordinated by Dr. Tushar B. Wankhede, with the active involvement and support of Principal Dr. G. V. Korpe. The workshop sought to equip students with theoretical knowledge and practical skills in vermicomposting, emphasizing its significance in sustainable waste management and agriculture. The agenda encompassed a spectrum of topics, from the introduction to vermicomposting principles to the hands-on setup and maintenance of vermicomposting bins. Dr. G. V. Korpe's presence underscored the college's commitment to environmental initiatives, while Dr. Tushar B. Wankhede's expertise ensured a well-structured and informative workshop. The hands-on session allowed students to translate theory into practice, fostering a deeper understanding of the subject. The engaging discussions and Q&A sessions facilitated by Dr. Wankhede promoted active participation and collaboration among the participants. Feedback from the students highlighted their satisfaction with the workshop's content, delivery, and the invaluable opportunity for hands-on learning. In essence, the workshop, with its comprehensive curriculum and distinguished coordinators, stands as a testament to Shri Shivaji Science College's commitment to holistic education and environmental stewardship.

A granular, black coloured, soft, light weight vermicompost is obtained after 40 - 50 day keep it under shade for drying and soaking. The students were told and instructed for the collection of dried biomass from the campus so that the campus will clean up & will get raw material for the ecompose. The material required for the installation was collected from the garden waste, shaded leaves etc. The worms were brought from Krishi Vigyan Kendra, Ghatkhed. By technical methods, the process of installation was completed with the help of the students. On the way a feedback was taken by the students regarding this activity. The students were very enthusiastic to get the knowledge of vermicompost.

Plant of the Day

Participants- 56

Beneficiaries-PG students

Venue –Department of Botany

Objective- To make the students aware of the novel properties of medicinal plants

Aim of the practice

- ❖ Plants play a significant role in our lives. Without plants, there would be no more life existing on planet earth.
- ❖ They provide us with a variety of things to fulfil our daily requirements, including food to eat, air to breathe, clothes to cover our body, wood, medicine, shelter, and many products for human benefit.
- ❖ Plants are the primary producers, and all other living organisms on this planet depend on plants
- ❖ The plants are the only novel creatures on the earth that help to boost our immunity.
- ❖ Medicinal plants have been proved to be excellent immunity boosters, and this fact has been enhancing the curiosity of people about medicinal plants over the years.

Context

- Plant of the activity through students learn as to what constitutes a medicinal herb, how to identify one, and how different plants and plant parts are used as medicines.
- Detailed description of medicinal plants is provided along with their uses and methods of preparing herbal medicines.
- Plants are a great source of medicine. According to modern history, many life-threatening diseases were cured by preparing pastes from roots, herbs, barks, and different plants' leaves. Aspirin, sandalwood, basil leaves, clove oil, and cinchona are a few examples of medicinal plants used even today in many pharmaceutical industries.

Objectives of the practice

- ❖ To make the students aware of the novel properties of medicinal plants.
- ❖ To make the students expert in identifying the medicinal plants available in their
- ❖ locality, irrespective of the field to which he/she belongs.
- ❖ To learn to identify the most common and useful medicinal plants.

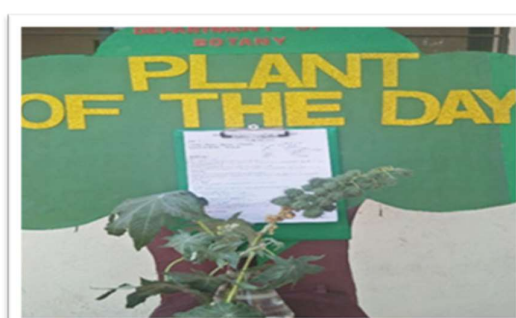

Criteria – III Metric No: 3.4.3

- ❖ To conserve the medicinal plants for future use.
- ❖ To make the students understand the right use of medicinal plants for their health
- ❖ and wellbeing.

Workshop on Mushroom Cultivation Technology

Date - 6th Aug. 2022

Beneficiaries-43

Venue – M. Sc. II Laboratory, Dept. of Botany.

Objective- To popularize the science amongst the society

Botany Department of Shri Shivaji Science College, Amravati has organized one day workshop on 'Mushroom Cultivation Technology'. The workshop was arranged under the extension services/activities of the department on 6th Aug. 2022 at 2.00 pm in M.Sc. II Laboratory.

The notice of workshop was circulated for B.Sc. I Botany students. Also the Google link was provided for registration purpose.

India has a rich treasure of natural resources. Mushroom diversity is one of them. Mushrooms are the richest source of Vitamins, Proteins and amino acids.

Aims and objectives:-

- 1) Transfer the simple eco-friendly technology from lab to land
- 2) Use of agricultural waste for the production of pleurotus mushroom
- 3) To popularize the science amongst the society

Context

The department of botany is performing the extension activity on 'Mushroom Cultivation Technology' many years.

Every year department arranges the one day workshop for villages and farmers. In this session department has organized the workshop for newly admitted students of B.Sc. I and M.Sc. I total 44 interests students get registered and attended the workshop (B.Sc. I 31 and M.Sc. I 13)

Programme presided over by Dr. G.B. Hedawoo, head Department of Botany. The introductory speech was given by Dr. T.B. wankhade. Inaugural ceremony was followed by technical session. Technical session was conducted by Dr. G.B. Headwoo in charge of mushroom cultivation activity. in this session he started with the history, followed by

Neutraceutical values, Medicinal values, economies and cultivation methods of *Pleurotus sajoyalaju*. cultivation methods includes.

- Selection of place/room.
- Selection of substrate/agriwast.
- Sterilization by Boiling and chemical methods
- Spawn Preparation
- Preparation of bag and sowing of spawn by rangoli methods
- Packing and storage of bag
- Harvesting and storage of mushroom
- Economics of the establishment of mushroom project.

After technical session demonstration was carried out by Dr.g.B.Hedawoo,

Then students also performed the demonstration and filled the bags. Under the supervision of Dr. R.C. Maggirwar and Dr. S.V. Pundkar for the successful organization of this workshop Dr.P.D. Deshmukh, Dr. A.N. Darsimbe, Mr. S.G. Ingle and Non-teaching staff of the department cooptated.

After demonstration feed back link was provided to registered students awarded with certificate of completions.

Workshop was ended with vote of thanks by Mr. A.N. Darsimbe.

Awareness and Responsibility of Independence

Date -13th to August 15th, 2022

Participants -25

Beneficiaries-200

Shivaji Science College under the National Service Scheme (NSS) Unit program conducted various activities and program throughout the year 2022 – 2023. One of the mega even celebrated Swachh Bharat Abhiyan (Clean India Campaign) with initiatives like displaying the national flag in every household, a Clean India campaign, and competitions like flag selfies, poster presentations, and rangoli competitions. As per government directives, students were encouraged to participate actively, and the Swachh Bharat Abhiyan (Clean India Campaign) received enthusiastic responses.

A campaign named "Har Ghar Tiranga" was conducted from August 13th to August 15th, 2022. Various events were organized, such as taking selfies with the national flag, poster presentations, rangoli competitions, and the initiative of placing a flag in every home. Information and photographs related to these activities were uploaded to the official website as per the government's instructions.

The poster is for the 'Har Ghar Tiranga' celebration at Shivaji Science College, Amravati. It is organized by the National Service Scheme (NSS), NCC, and the Department of Physical Education. The event is jointly organized with Sant Gadge Baba Amravati University and Shri Shivaji Education Society. The celebration is for the 75th anniversary of India's independence, from August 13 to 15, 2022. The poster includes a schedule of events for each day: August 13 (Rally and Har Ghar Tiranga), August 14 (Cleanliness Drive and Other Activity), and August 15 (Flag Hoisting and Freedom Fighter Felicitation). The poster also features the Indian national flag, the Ashoka Chakra, and the motto 'स्वातंत्र्याचा अमृत महोत्सव'.

Objective- A Cleanliness Drive

The Swachh Bharat Abhiyan (Clean India Mission) and Swasth Bharat (Healthy India) are two interconnected initiatives launched by the Government of India. Launched on October 2, 2014, the Swachh Bharat Abhiyan aims to make India open defecation-free and achieve comprehensive cleanliness across the nation. The Swasth Bharat initiative complements this by focusing on public health and hygiene, emphasizing the close relationship between cleanliness and health.

The following objectives are set by the government for Swachh Bharat Abhiyan: like Elimination of open defecation, Construction of toilets in rural and urban areas, Proper waste management and disposal and Behavioral change to promote cleanliness. The government has achieved significant increase in toilet construction across the country, construction of community sanitary complexes, and decline in open defecation rates and improvement in waste management practices. Yet some challenges like Rural-urban disparity in sanitation facilities, the need for sustained behavioral change and adequate waste disposal infrastructure.

With all this scenario, National Service Scheme Unit (NSS)& NCC (Girls Unit) shri Shivaji Science College, Amravati Organized A Cleanliness Drive in the college premises and cleaning the area of Roadside from both the gate Gate NO: 01 And Gate No: 02, Clearing garbage's and fallen leaves from Gate NO: 01 And Gate No: 02, whole premises of College, Classroom, Canteen Area, Girls Common Room and Aesthetic garden area. Near about more than 350 Students of NSS & NCC (Girls Unit) are participated in the drive and aware the others about importance of *swach bharat swasth bharat mission*.

Awareness for Casting Vote

Date - November 18, 2022

Participants -157

Objective-To provide valuable information about the voter registration process

According to letters received from the Central Election Commission and alternative Maharashtra Government officials, Maharashtra will initiate the voter registration process using a digital method starting from November 18, 2022. As part of this program, students actively participated in the awareness program organized by the college, providing valuable information about the voter registration process and addressing questions related to age and eligibility for registration.

National Voters' Day, established on January 25, 1950, has been observed nationwide as National Matdan Day since 2011. Shivaji Science College, Amravati, organized various events under the NSS to celebrate National Matdan Day. These events included rangoli competitions, art competitions, debate competitions, and an excellent voting declaration competition. All competitions witnessed the enthusiastic participation of students. Rangoli and art competitions aimed not only to showcase creativity but also to spread awareness about voting. In the rangoli competition, Ms. Srishti Deshmukh secured the first prize, Ms. Rudrayani Barbadde won the second prize, and Ms. Aarti Dakhore secured the third prize. In the debate competition, Aishwarya Tayde and Gauri Girnale secured the first and second positions, respectively.
