Objective of Internship Education

Internship Education is an academic concept designed to strengthen a student's learning experience by integrating on-campus studies with closely related work experience. An internship is a professional learning experience that offers meaningful, practical work related to a student's field of study or career interest. An internship gives a student the opportunity for career exploration and development, and to learn new skills.

Responsibilities

The College, Employer and Student interact to ensure that the academic and work experience goals of Internship Education are achieved to the mutual benefit and satisfaction of all parties.

The College agrees to:

1. Provide qualified students with access to Internship work experience and opportunities.
3. Provide employers with appropriate personal and academic information on qualified student applicants, upon written authorization by the student.
3. Award credit to participating students who have met the academic requirements of their program.
4. Inform students and employers of any actions which affect student-employer relations.

KVK agrees to:

1. Inform the College's Office of Internship Education of all work experience opportunities which have Internship Education potential.
2. Consider for employment all qualified students prescreened and recommended by the College's Office of Internship Education.
3. Participate with the College's faculty supervisor in the coordination of the student's work experience activities and scheduling.
4. Provide the student with an orientation to the work setting upon initiation of each new internship work experience, as appropriate.
5. Provide the student with meaningful work assignments which, within the confines of employer needs and time-tables, will enhance and complement the student's academic program at the College.
6. Assist the student in the development of specific learning objectives which coincide with the student's career goals and academic programs.
7. Provide students to the extent possible, an overview of all applicable aspects of the industry including organization and management structure, technical and production processes, and major industry, labor, health, environmental, and community issues impacting the business.
8. Evaluate the student's work performance at least once during each internship work experience period. Discuss the evaluation with the student and complete the internship evaluation forms.
9. Notify the College of any personnel actions taken which may affect the student's standing in Internship Education.
