Project Title: Trapping Cidal Spray Constituents by Using Blend Masks in Agricultural practices

Students Participated: 33

Report

Indiscriminate use of pesticides in the agricultural field is a matter of concern. Lack of awareness regarding the toxicity of most of the pesticides have created a havoc among the farmers that ultimately lead to innumerable health issues. To assess the magnitude and intensity of occupational intoxication, this study was conducted all over the north, south, east and western region of India. We shortlisted the pesticides based on the threats and health issues caused by them and uses. After getting the significantly severe and most frequent groups of chemicals, we prepared data template for individual chemical with the help of PubChem database. Further we performed some docking studies using Patch dock and Discovery Studio visualization tool to assess the relationship if any, among the pesticides and particular ligand molecules. This study also aims to establish some sort of chemical interaction of particular pesticides with selected ligands that will ultimately help to formulate some protective mask that can trap those chemicals.

The main moto of the project was to survey the hazardous effects of the cidal sprays on the farmers of our country and to utilize the data hence obtained for deigning a protective measure that can trap the chemicals from inhalation. The first step of this process needed a large scale survey across as many regions as possible. For that purpose, mentees were separated in five regions as Northern, Eastern, Western, Central and Southern region in such a manner that the mentees would belong to the region they are familiar with. These groups were so formed that each of the groups contained students from diverse backgrounds and expertise that helped to build an interdisciplinary approach suitable for this study.

Approximately three thousand farmers across all these regions were surveyed using a questionnaire specially designed for this purpose. The assessment was based on their age, literacy, the cidal chemicals used by them, health condition of those farmers and the effects of the chemicals on those farmers. During this process the mentees also tried to run awareness programs in the villages to make the farmers familiar with the proper usage of the cidal sprays, the hazards and other safety issues. A survey report was prepared by each of the regions and submitted to CSIR in due date.

The same work was continued and details of the chemicals regarding there preparation, physical and chemical properties, biochemical interactions were studied from Pubchem database. The toxicity and other adverse effects were studied using different databases, online tools and software. With an intention to design an adsorbent matrix for trapping these chemicals, the mentees were assigned to search for proper materials where a major focus was given to biodegradable adsorbents, specially bio-polymers. The chemicals were further screened and best five chemicals selected by each group were subjected to docking with the best suited adsorbents. Each of the groups prepared a report based on the results obtained by them. This research now ready to communicate as research paper to reputed publication house.

In this project, the students learned about field study, data collection, data sampling, using different online tools, databases, different in-silico methods and the importance of group work. The group meetings were held twice in a week where the students shared their knowledge and views. The mentees contributed to this project in every aspect including their area of expertise. They were exposed to various aspects of interdisciplinary approach for solving problems, which is an integral part of modern-day science.

Outcomes:

Pesticides commonly used by farmers were classified by WHO as extremely hazardous (Ia), highly hazardous (Ib), slightly hazardous (III), moderately hazardous (II) and unlikely and acute hazard (II). Throughout the study we have found that most of the pesticides used in the agricultural sectors ranges from moderately hazardous to highly hazardous categories, and thus, all of them have detrimental health effects as reported by various workers. Most of the farmers in the study area are not aware of the health hazards caused by the pesticides and also the consequences of their improper handling. The farmers as a precautionary measure use cloth masks made of cotton. This, in fact increases the absorption rate of pesticides. Combining more than one pesticide together should ideally be discouraged. This could be dangerous, because mixing of pesticides can alter their chemical properties, thereby increasing its detrimental effects on health, besides synergic effect on the ambient environment. The farmers may not be aware whether they have other chronic disease like diabetes, hypertension etc. because many of them are unaware of the necessity of having health check-ups/clinical tests. It can thus be suggested that due emphasis is required to be given on the adoption of protective measures among the farmers in the study area in particular and all agricultural field of the globe in general, where such practice is lacking.

FUTURE PERSPECTIVE

During this study it was found very common that many farmers did not follow any precautions or use any preventive measures while spraying the chemicals. This may be due to lack of awareness or lack of proper information regarding the use of pesticides, which is a very lethal reason for many of the health issues. Throughout the study it was observed that after performing docking studies some pesticides showed promising interaction with specific ligands. If these specific chemical interactions between the pesticides and the ligands can be properly established, then some formulations could be prepared as a protective measure. For instance, some pesticide specific ligands can be attached on a mask or a face shield to trap the pesticide molecules while spraying. That will prevent the farmer from getting contaminated by the harmful pesticides. Therefore this study holds a local as well as global importance since farmers and sustainable agriculture is the next future.

Motivational Lecture by Francis Patel for the participants of National Level Video Elocution Competition.

Date-6th August 2020

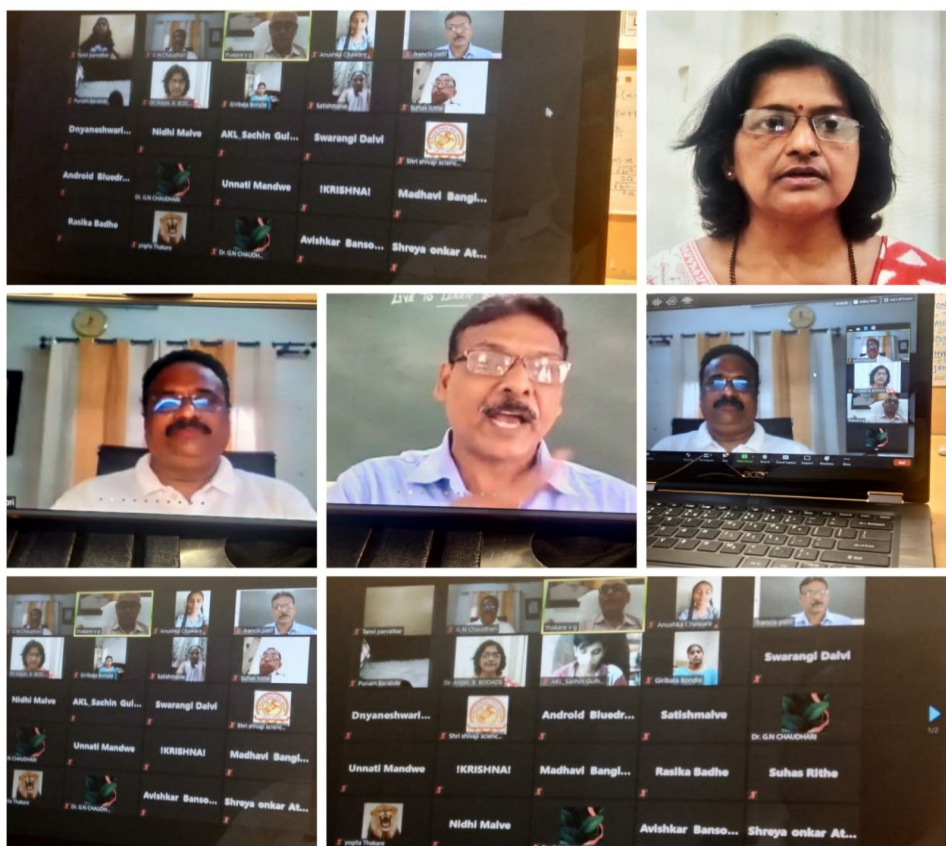

Number of Beneficiaries -95

Organizers - Department of Chemistry

On the 6th of August, 2020, the department of Chemistry organized a Motivational Lecture for the participants of National Level Video Elocution Competition organized by the college. It's a thing of great pride for the college that this Video Elocution Competition got registered in the prestigious U.N.EnvironmentProgramme-2020-21.

Mr. Francis Patel, a well-versed teacher and motivational trainer provided his expert guidance to the participants of this competition.He inspired the participants by telling some very inspiring stories in a playful way. He also guided the participants for their effective communication and presentation skills. This event helped inculcate reading, listening and speaking skills amongst the students. In all, 95 students and 20 teachers attended this programme. The students were highly benefitted by this event and could perform far more effectively in the competition.

Prof. Dr. Anjali Bodade worked as an In-Charge Professor for the event.

Indian Constitution Day

Date: 26 November 2020

No. of students participated: 32

Organizer: NSS

Indian Constitution Day program was celebrated on 26 November 2020 in college campus as the supreme constitution of India was dedicated to the nation on 26th November 1949. The constitution preamble was read by the students and garlanding of the portrait of Dr. Babasaheb Ambedkar was done by the hands of Principal Dr. V.G. Thakare. Constitution day was celebrated on Nov 26 in college by NSS volunteers and all college staff. The portrait of Dr. Babasaheb Ambedkar and Print of Constitution was garlanded. The preamble of constitution was also specially read by the students on this occasion as well as on 26 January before hosting the National Flag. Constitution Day or Samvidhan Divas, also known as National Law Day, is celebrated in India on 26 November every year to commemorate the adoption of the Constitution of India.

Impact: Here students, teachers and all stake holders can aware of Constitution of India which lays down the framework defining fundamental political principles, establishes the structure, procedures, powers, and duties of government institutions and sets out fundamental rights, directive principles and the duties of citizens.

Blood Donation Camp

Date: 12 December 2020

No. of students participated: 54

Venue: Auditorium SSC

Orgnizers: NSS and PDMC

On the occasion of Birthday of Ex-Chief Minister and Agriculture Minister of India, Hon'ble Shri. Sharad Pawar, "Blood Donation Camp" was arranged with the help of Dr. Panjabrao Deshmukh memorial medical college Amravati. Hon'ble Adv. Harshwardhanji Deshmukh, the President of Shri Shivaji education Society has inaugurated the function and Dr. V.G. Thakare Principal was present in the function. About 54 bottles of blood were collected for the sake of humanity. Students and all staff participated in the whole event and made the event very successful. An adequate amount of blood is needed in all health care facilities to meet the urgent need for patients facing trauma and other lifesaving procedures, such as blood transfusions – which saves millions of lives each year. Every day, blood donors help patients of all ages: accident and burn victims, heart surgery and organ transplant patients, and those battling cancer.

Impact: Blood donation is definitely a noble act. Many clinics and hospitals constantly require blood for several purposes. This makes the idea of blood donation a noble gesture as it provides life-saving help to people and patients. On an average, human body contains approximately four to five litres blood that can be donated after every third month for men and every four months for women and this awareness created by arranging such camps.

AIDS Awareness Program

Date: 1 December 2020

No. of students participated: 72

Organizers: Red Ribbon Club and NSS unit

As a Member of Red Ribbon Club, every year, on 1st December, World AIDS awareness program was organized by Red Ribbon Club and NSS unit of the college on the occasion of “World AIDS Day”. This year online Zoom AIDS awareness campaign was conducted and oath was taken by the students in collaboration of District General Hospital. Red Ribbon Club. Is a movement started by the Government of India in schools and colleges through which, students will spread awareness over HIV / AIDS. World AIDS Day is an opportunity to show solidarity with the millions of people living with HIV worldwide. Most people do this by wearing an HIV awareness red ribbon on the day. It’s an opportunity for people worldwide to unite in the fight against HIV, to show support for people living with HIV, and to commemorate those who have

died from an AIDS-related illness.

Impact: Awareness for HIV AIDS is important because it prompts the public and government that HIV has not gone away – there is still a vivacious prerequisite to elevation money, increase awareness, fight prejudice and improve education and make people aware for prevention and anticipation.

Dear Mam,

Thank you very much for delivering an informative thought and provoking lecture on "Geology: Its extends & possibilities in future", in Online lecture series held on 13th October 2020 on eve of "Earth Science Week", at online platform of Shri Shivaji Science College, Amravati .

It was really a splendid presentation which exposed students to the field practices.

All students appreciated and got benefited from your view on the subject.

Looking forward for your co-operation in the future.

Thanks again.

Yours sincerely

Sky Watching at Juncture of Great Conjunction of Jupiter

Date: 21st - 23rd December 2020

Participants: 25

Organizer: Department of Physics

To witness the rare astronomical event of “The great conjunction of Jupiter and Saturn” (the bright planets Jupiter and Saturn come together, culminating on the night of Dec. 21, 2020), Department of Physics organised the Sky watching program for students and college faculty on December 21st - 23rd, 2020.

In view of restrictions due to COVID pandemic, only limited students, amateur astronomer and faculty members were permitted to attend the program. Few interested school students also enjoy this astronomical treat.

Faculty members of the department setup the Telescope and Binoculars on the College terrace. Dr. P.A. Nagpure, Associate Professor and Coordinator of Career Oriented Course in Astronomy and Astrophysics explained the occurrence of this occasion. What makes this year’s spectacle so rare? It’s been nearly 400 years since the planets passed this close to each other in the sky, and nearly 800 years since the alignment of Saturn and Jupiter occurred at night, as it will for 2020, allowing nearly everyone around the world to witness this “great conjunction.”

H.O.D. Dr. W.S. Barde, Dr. S.S. Arsad, Dr. N.N. Sarkar, Ms. S.M. Butte, Dr. P.K. Khirade, Dr. V.V. Deshmukh, Dr. S.K. Sayyad and Dr. A.B. Bodade help for the successful proceedings of the program.

“World Tiger Day”

Date: 30th July 2021

Participants: 100

Organizer: Dept. of Zoology

Report regarding Guest Lecture in Department of Zoology, Shri Shivaji Science College, Amravati on the Occasion of

World Tiger Day is celebrated every year on 29 July. For the same, Department of Zoology, Shri Shivaji Science College, Amravati organized a guest lecture on 30 July 2021 at 3.00 pm on the theme “Their Survival in our hands”. The guest lecture was aimed to promote awareness regarding the declining population of the tiger species and for their conservation in the natural habitat.

The Chief Guest of the lecture was Dr Ramzan Virani, M.Sc., M.Phil., Ph. D., B.Ed. He is a conservation ecologist expert in handling man animal conflict. The topic for the lecture was “Tiger Conservation: Facts and Fancies”. Dr R.G. Jadhav and Dr. G. A Wagh were the convener and the co-convener of the program, respectively. Dr. J.D. Dhote was the Organizing Secretary of the guest lecture. The technical committee members of the program were Dr G.D. Hande, Dr. R.P. Bhagat, Dr S.J. Kawade and Ms Pratiksha Puranik.

Dr R.G. Jadhav, Chairperson of the program, gave an introduction about the theme of the Program. Dr. J.D. Dhote gave an introduction about the chief guest Dr. Ramzan Virani. Dr S.J. Kawade hosted the program and Ms Pratiksha Puranik gave the vote of thanks.

Approximately, 100 participants attended the lecture which included the staff member of the department and the college, the Undergraduate and the post graduate students.

The programs started with the welcome of all the participants and by the introduction of the program. Dr Ramzan Virani, a conservation ecologist, is currently working as an Assistant Professor at Shivramji Moghe Arts, Commerce and Science College, Pandharkawada. As an ecologists, he has worked to establish critical wildlife habitat at Isapur Wildlife Sanctuary, Tipeswar and Painganga Wild life Sanctuary. During his guest lecture, Dr Virani spoke about the majestic Key stone species – Tiger, and the reason for the decline in its population. Dr Virani reported - people and Tiger sharing the same resources as the main reason for man - tiger conflict, along with deforestation, and hunting for tiger body parts, as the major reasons for the decline in this wild cat population. He also talked about the smart conservation processes like GIS for location and conservation of the tiger species.

Vote of thanks was given by Ms Pratiksha Puranik and the program concluded at 4.30 pm.

Webinar on History of Periodic Table

Date: 7th February 2021

Number of Participants -100

Beneficiaries- 100 (students of 8th,9th,10th)

Organizer: Dept. of Chemistry

National Periodic Table Day was Celebrated by Department of Chemistry along with the School children of standard X from Ratnabai Rathi Mahavidyalaya, Daryapur on Sunday, 7th February 2021 by arranging a webinar on History of Periodic Table. Introductory remark on fun in learning chemistry and periodic table was given by Dr A.B. Bodade. Our college students from B.Sc.II (PCM) – Ms Rudrani Barabde and Mr Shubham Wadurkar explained the topic History of Periodic Table to the School children of Ratnabai Rathi Mahavidyalaya, Daryapur by power point presentation. Feedback was taken by asking questions. Prof. Dr. Anjali Bodade worked as an In-Charge Professor

Science Awareness Program

Day/Date: Monday 8th February 2021

Venue: Kasturba Kanya Shala Amravati.

No. Of Beneficiaries: 70

Organizer: Dept. of Chemistry

TO promote the interest of the school students in science subject and to acquaint them with the knowledge of history periodic table ,Department of Chemistry arranged a two-fold activity an activity by P.G. students for the school children through Science Awareness Program at Kasturba Kanya Shala Amravati on Monday 8th February2021 .The program began with garlanding the portrait of Dr Bhausahab Punjabrao Deshmukh the founder president of our society followed by tree plantation and inaugural function.Newly appointed headmistress Mrs Archana Lunge was felicitated by our staff Dr A.B.Bodade , Dr N.H.Bansod, Dr Shruti Ingole and Dr Archana Bodade. Activity incharge Dr Anjali Bodade informed about the event and the preventive measures during Covid -19 pandemic, while Dr N.H .Bansod gave a motivational talk. P.G.students Ms Rutuja Harne,Mr Niraj Diwedi, Mr Amol Rokade and Mr Chetan Soye taught the students basic Concepts in Chemistry and gave Tricks to learn Periodic table by maintaining Social distancing in a batches of 35 students in two classrooms.At the end evaluation was done through questionnaire and appreciated by offering chocolates . Mr Niraj Diwedi who received a patent guided the students on out of the box research oriented thinking and the steps taken to patent his own ideas.Prof. Dr. Anjali Bodade worked as an In-Charge Professor for the event.

DEPARTMENT OF CHEMISTRY celebrated NATIONAL SCIENCE DAY from 3rd March to 10th March 2021 by sharing the syllabus oriented video on Demonstrations of Basic scientific concepts by the B. Sc. II year students for the School Children ,Under Science Awareness Programme -2021. A Step Towards Socialising the U.G. students And Promoting Science among the school children. During the COVID PANDEMIC our efforts were to acquaint the school students with Demonstrations of Basic scientific concepts , experience the laboratory ambience and Communicate scientific ideas.

This is a twofold activity – An activity by the B. Sc. II year students demonstrating basic concept in science through the video to the school children of Standard VII to X. Out of fourty videos received top thirteen were sorted out for the school children. Principal Dr. V.G. Thakare presided over the function as the Chairman, Prof and Head of the department of Chemistry Dr. G.N. Chaudhari as a Convener. The introductory remarks were given by Organizing Secretary Dr. Anjali.B. Bodade Based on demonstration the students are expected to solve the Quiz of 80 . On solving the quiz E-Certificate is issued .Shri Shivaji Education Society appeal the school teachers to circulate the Links of Video on Demonstrations of Basic scientific concepts and QUIZ to the students. Online Certificate will be issued on successful submission of the quiz.

Quiz: https://docs.google.com/forms/d/e/1FAIpQLScp1AuBpx5RML3Wc9UX_hAjOXu9BI-L8_Gz0B49kihOvxLasg/viewform

OBJECTIVES:

- 1) To encourage and enable students to Develop inquiring minds and curiosity about science and the natural world.
- 2) Acquire Knowledge, conceptual understanding and skills to solve problem.
- 3) Communicate scientific ideas

The activity was carried out in two phases.

Phase- I Video was circulated through whatsapp to the students of BSc.II guiding them about the rules and the topics to be covered in five minutes span. Each topic was explained in detail and text was provided. Students participated with enthusiasm and received good response .Out of fourty videos received top eleven were sorted out for the school children.

Phase-II Top Eleven videos were circulated to the 300 schools of Shri Shivaji Education Society, Amravati. Based on these demonstration a Quiz of 80 questions was framed for evaluation. Link to the Quiz was provided through the Principal of the schools. On solving the quiz E-Certificate was issued as a mark of evaluation of the knowledge acquired and Appreciation for participation. Topics covered:1)Study of Hydrocarbons by Mr. Abhishek shelke 2) Polar Satellite Launch Vehicle by Mr. Shubham Jadho 3)Periodic Trends by Ku. Misba Patel 4) Revolution of earth seasons by Ku. Vaishnavi Lonarkar 5)Newtons Law of Motion by Miss Rucha Dakhore 6) Scalar versus Vector Quantity by Mr. Anand Umale7)Stress Management by Miss Dipti Thakare 8)Bonding by Mr. Shitij Patkar Link for the Video9)Biotechnology by Arpit Kale10) Conical Pendulum and its Expression by Sanskruti Khandare 11)Eco-System By Miss Anagha Rathod 12) Solutions for Global Warning by Miss Pallavi Chandure 13)Photometry by Miss Rudrani Barabde. At the end, the school children should solve the QUIZ . The online Certificate were issued on successful submission of the quiz. Link for online Quiz was submitted.

OUTCOME-

Demonstration and technical Skill.

Awareness about social responsibility.

During Covid Pandemic -19 the students experienced the ambience of Laboratory through demonstration.

Students learnt to describe and discuss ways in which science is applied and used to solve local and global problems.

Laid the foundation of basic concepts.

Describe and evaluated the benefits and limitations of science and scientific applications as well as their effect on life and society.

Learnt how science and technology are interdependent and assist each other in the development of knowledge and technological applications.

Came to know how science and its applications interact with social, economic, political, environmental, cultural and ethical factors.

Menstrual Hygiene Day

Date -21st May 2021

Beneficiaries – COC, U.G., P.G. Girl students. (115)

Organizer: CoC in Cosmetology and Dept. of Chemistry

Every year Career oriented course in cosmetology under the Department of Chemistry celebrates Menstrual Hygiene Day –a global event aimed at promoting the importance of safe menstrual hygiene management to create awareness amongst the fresher’s. The global theme for the Menstrual Hygiene Day 2021 was “We need to step up action and investment in menstrual health and hygiene now!”

Covid -19 pandemic has demonstrated that menstrual hygiene is a multifaceted challenge in India. Lack of access to period products was just at the tip of the iceberg when it came to the impact of the coronavirus crisis on period health. Due to pandemic the past year has made it more difficult than ever to safely manage their periods. Sanitary pads were not included in the governments list of essential items , a number of barriers to accessing sanitary products. Awareness about different home -made and readymade sanitary products available, maintenance of hygiene during periods and the myths about menstrual hygiene was created by circulating a ppt on Menstrual Hygiene to the students.

Organizer: Dept of Chemistry

Shri Shivaji Science College, Amravati conducted the Inter-Collegiate Seminar Competition on virtual mode on 27th August 2021 in the Department of Chemistry. The seminars were focused on various topics of chemistry that included addressing the full aspects of the topics. All the participants from various colleges affiliated to Sant Gadge Baba Amravati University, Amravati and faculty members were present for this seminar competition. Dr. B.N. Berad, Ex-Professor, P.G. Department of Chemistry, RTM, Nagpur University, Nagpur was the Chief Guest of the Inaugural Ceremony. In his speech he told about the importance and main objective of seminar competition. They also told about the Seminars hold great importance in the students' life. Such competitions are the platforms not only to learn new aspects, others perspectives and latest information, but also a good way of networking, by learning about new topics and meeting leaders in their field student feels encouraged and motivated. Introductory speech was given by Dr. S. K. Rithe, Convener of the Seminar Competition. In his introductory speech he told about the aims of organizing this seminar competition and its importance.

Dr. P. R. Mandlik, Organizing Secretary, has introduced the chief guest and the judges present for the inaugural function. Dr. Sharayu Deshmukh, Associate Professor, Shri. Shivaji Science College, Akola., Dr. P. P. Deohate, Associate Professor, RLT Science College, Akola and Dr. G. M. Dongre, Associate Professor, Shri Shivaji Science College, Akola was the Judges for this seminar competition.

After an inaugural function, the student-participants have delivered their topics online in the presence of honorable judges.

The topics were based on B.Sc. II Semester 4 syllabus of Chemistry as mentioned under-

Unit 1: Chemistry of elements of transition series extraction of elements.

Unit 3: Poly nuclear hydrocarbons reactive methylene compounds and carbohydrates.

Unit 6: Crystalline state.

There was enthusiastic participation of all the students with good presentation and question answer session was well mannered by the judges. Overall the students have given nice response. After the completion, three best students were selected by the judges and they were felicitated in Prize distribution program.

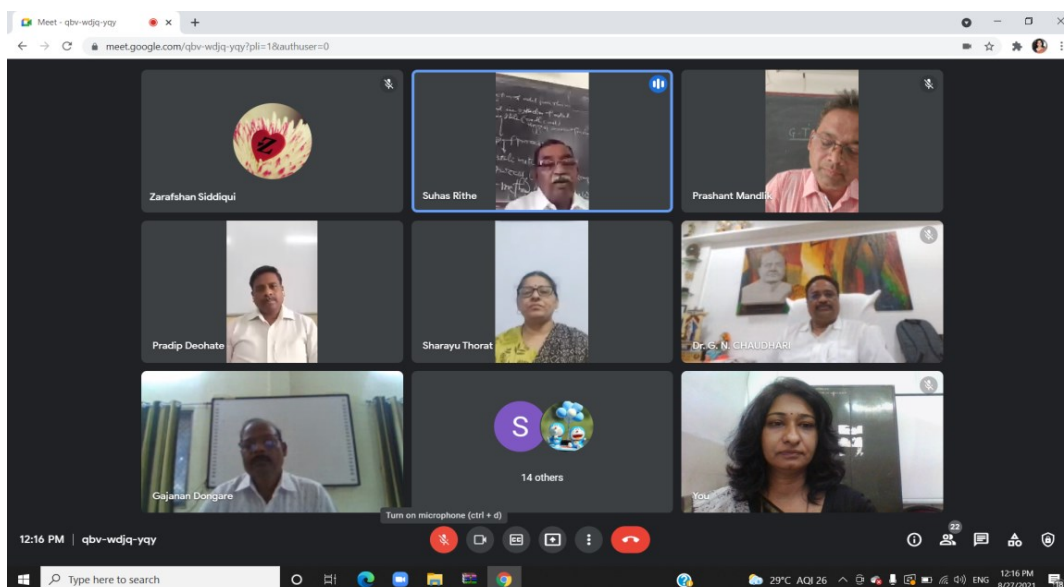

The prize distribution program was chaired by Dr. G. N. Chaudhari, Principal & Head of the Department of Chemistry, Shri Shivaji Science College, Amravati. The chief guest, Dr. B. N. Berad, respected judges Dr. Sharayu Deshmukh, Dr. P. P. Deohate and Dr. G. M. Dongre, Dr. S. K. Rithe, Convener of the seminar and Dr. P. R. Mandlik, Organizing Secretary. Respected Chief Guest and Judges were also distributed the prizes to the participants.

First cash prize for Rs. 1001/- received by Miss. Amisha Dahake, student of Shri. Shivaji Science College, Amravati and the second cash prize for the Rs. 701/- goes to you Miss. Muskan Navrangabade, student of B.

B. Arts Commerce and Science College, Digras. The third cash prize for Rs. 501/- was received by Miss. Anushka Kochar, student of Shri. Brijlal Biyani Science College, Amravati.

After completion of prize distribution ceremony, Dr. G. N. Chaudhari, congratulates the winner of this seminar competition. In his presidential address, Dr. Chaudhari especially praised the students and said that the program should be repeated so that the children can learn something from it as well as their confidence will increase and they will be able to stand on their own feet in the future. He also told that, due to the programme conduction is on virtual mode, more students could not participate in the seminar today, but from now on, if the opportunity arises, more students should participate in it, so that they can develop an interest in the subject.

The program was conducted by Dr. N. A. Kalambe. Finally the function was ended up by giving a vote of thanks from Dr. S. P. Ingole. All the team members took lot of efforts for smooth conduction and to make it successful.

Essay/ Article / Blogging Competition on the theme “Solution to Carbon Emission”**Date:** 28th February 2021**Number of participant:** 17**Venue:** Online (Google)**Organizers and Collaborators:** Dept. of Environmental Science**Report**

The activity was conducted on the eve of **National Science Day -2021** which was about to be celebrated in the college on **28thFeb.2021**. The NSD committee provided lists of activities among which dept. has to choose one activity, which can be done in online mode. Brochure of the activity was sent on students what's app group and asked to write their views on the theme of the activity i.e. “Solution to Carbon Emission” in the form of Essay/Article or Blog in 200 to 500 words and send it to the e-mail given in the brochure. 18 students participated in the activity. Most of the students sent the essay on the theme of the competition. All the write-ups were scrutinized by the experts and 1st, 2nd and 3rd winners were declared. The e-certificates were provided to all the participant students. It was decided by the NSD Committee that winner students will be provided hard copy of the certificate when college will reopen after lockdown.

No. of Participants: 20

Organizer: NCC

FIT INDIA Movement was launched on 29th August, 2019 by Hon'ble Prime Minister with a view to make fitness an integral part of our daily lives. The mission of the Movement is to bring about behavioural changes and move towards a more physically active lifestyle. Towards achieving this mission, Fit India proposes to undertake various initiatives and conduct events to achieve the following objectives:

- To promote fitness as easy, fun and free
- To spread awareness on fitness and various physical activities that promote fitness through focused campaigns
- To make fitness reach every school, college/university, panchayat/village, etc.
- To create a platform for citizens of India to share information, drive awareness and encourage sharing of personal fitness stories

The Fit India Freedom Run 2.0 was organized by NCC Amravati group for the NCC cadets. The twenty cadets from our college were participated in this run. The Fit India Freedom Run 2.0 run was inaugurated by Brig. S.N.Jha, Group Commandant NCC Amravati group. The run begin with Shivaji Arts College Amravati via NCC bhavan, Girls high school square and end at same venue. The total 4.2 km run was completed by the cadets from all BNs and Company.

Online awareness program

World Water Day

Date: 22nd March 2021

Participants: 15

Organizer: Department of Geology

Department of Geology, Shri Shivaji Science College, Amravati conducted an online awareness program on the occasion of 22nd March 2021 World Water Day. World Water Day celebrates water and raises awareness of the people living without access to safe water. It is about taking action to tackle the global water crisis. The theme of day was Valuing Water. Valuing water means recognizing and considering all the benefits provided by water – including economic, social and ecological dimensions. In realizing these benefits, there is significant potential to trigger systemic change, with water valuation driving decision-making that protects freshwater sources and ensuring water allocation reaches its most productive, equitable and environmentally sustainable use and consumption. Today, water is under extreme threat from a growing population, increasing demands of agriculture and industry, and the worsening impacts of climate change.

The program was anchored by Shri. Saurabh Paunikar, & introduced by Dr. Mayura M. Deshmukh. For this program 15 students were present. Departmental teachers and Geology Student exchanged ideas focusing on water value and sustainable use of water resources. This medium has been used to spread more information and communication about water value among the students. Some eye-opening short films were shown by the Department of Geology as part of the initiative. Students has Exchanging ideas so as to concentrate attention on value of freshwater and encourage the sustainable use of freshwater resources. Some eye-opening Short Films shown by Department of geology as a part of initiative.

Documentary Show: 'How the Earth Makes Us'**World Earth Day****Date:** 22nd April 2021**Participants:** 40**Orgnizer:** Dept. of Geology

Earth Day, annual celebration honoring the achievements of the environmental movement and raising awareness of the importance of long-term ecological sustainability. Every year on April 22, people around the world celebrate Earth Day. The day marks the start of the environmental movement in 1970, and for the past 51 years has resulted in policy change and a greater awareness of the environment. On the occasion of World Earth Day, the Department of Geology showed the documentary 'How the Earth Makes Us' on BBC (Geology Documentary) to the students of B.Sc. Geology Part I, II and III. Enjoying the documentary, the students also pledged to take care of Mother Earth.

Online pledge to plant trees and protect trees and save their environment & Photo/ Selfie with Plant

World Environment Day

Date: 5th June 2021

Participants: 27

Orgnizer: Dept. of Geology

World Environment Day (WED) is celebrated annually on 5 June and is the United Nations' principal vehicle for encouraging awareness and action for the protection of the environment. First held in 1974, it has been a platform for raising awareness on environmental issue such as marine pollution, human overpopulation, global warming, sustainable consumption and wildlife crime. World Environment Day is a global platform for public outreach. Each year, the program has provided a theme and forum for businesses, non-government organizations, communities, governments and celebrities to advocate environmental causes.

On the occasion of World Environment Day, Dr. Mayura M. Deshmukh, Head, Department of Geology, Mr. Saurabh Paunikar, Assistant Professor and Geology Students celebrated with an online pledge to plant trees and protect trees and save their environment. Trees help to improve air quality by intercepting and trapping dust and other pollutants from the air. The shade of trees also provides a useful barrier to harmful ultra-violet radiation from the sun. But it's not just our physical health that benefits, our mental health does too. When surrounded by trees or taking part in nature-based activities, stress and depression levels can be significantly reduced. All B.Sc. Geology Part I, II and III 27 students participated in this online program.

One Day online work shop

Date: 24th August 2021

Participants: 100

Organizers: Dept. of Geology and GSDA

The week from 23rd August to 26th August is celebrated all over the country as World Water Week. On this occasion, on 24th August 2021, at a one day online work shop was Dept. of Geology organized collaboration with Groundwater Survey and Development Institute Amravati (GSDA), Government of Maharashtra between 12 to 3 p.m. This medium has been used to spread more information and communication about groundwater management and geology among the people. Special guidance has also been received to create awareness about job and business opportunities in groundwater management and geology. In the online work school, Mr. Sanjay Karad, Deputy Director, Groundwater Survey and Development Institute, Amravati Pradesh, Amravati, Government of Maharashtra. Students received valuable guidance on how groundwater management and geology students can demonstrate through field work and make local people aware of various techniques of groundwater conservation. Dr. Mallinath Kalashetti, (IAS) Director, Groundwater Survey and Development Institute, Government of Maharashtra, was the chief guest and the students received valuable guidance on their groundwater management. Mrs. Prarthana Divare, Assistant Chemist, NABL Accredited, Regional Water Testing Laboratory, Groundwater Survey and Development Institute, Amravati, Government of Maharashtra demonstrated the analysis of water quality and received valuable guidance from the students. Shri Nagmalleesh Gampala, Geophysicist, Institute of Groundwater Survey and Development, Amravati received valuable guidance on Geophysical Survey Methods. 100 students were present in this program and also assistant professors were present and everyone showed good response.

जागतिक पाणी आठवडा (वर्ल्ड वॉटर विक) ऑनलाईन कार्यशाळा

प्रतिनिधी/ २९ ऑगस्ट
अमरावती : २३ ऑगस्ट ते

२६ ऑगस्ट हा आठवडा हा दिवस जागतिक पाणी आठवडा (वर्ल्ड वॉटर विक) म्हणून देश भरत साजरा केला जातो. दरवर्षी, जागतिक जल ससाह हा जागतिक जल समस्यांवरील अग्रगण्य वार्षिक कार्यक्रम आहे, जो १९९१ पासून स्टॉकहोम इंटरनेशनल वॉटर इंस्टिट्यूटद्वारे आयोजित केला जातो.

जागतिक पाणी आठवडाच महत्व अधोरेखित होऊन त्याचे माहात्म्य सर्वसामान्यांपर्यंत पोहोचवण्याचे उद्दिष्ट साध्य करण्यासाठी विविध कार्यक्रमांचे आयोजन यावेळी करण्यात येत असते. सर्व क्षेत्रातील आणि जगातील सर्व क्षेत्रातील संस्थांसह, जगातील सर्वात मोठ्या पाण्याशी संबंधित आव्हानावर शोधले जातात. या अनुषंगाने

श्री शिवाजी विज्ञान महाविद्यालय, भूजल सर्वेक्षण-विकास संस्थेचा उपक्रम

दिनांक २४ ऑगस्ट २०२१ रोजी दु. १२ ते ३ दरम्यान भूजल सर्वेक्षण आणि विकास संस्थेतर्फे एक दिवसीय ऑनलाईन कार्यशाळेचे आयोजन करण्यात आले होते. या माध्यमातून लोकांमध्ये भूजल व्यवस्थापन आणि भूगर्भशास्त्रा विषयी अधिक माहिती व सुसंवाद प्रसारित करण्यासाठी उपयोग

झाला आहे. भूजल व्यवस्थापन आणि भूगर्भशास्त्रामध्ये असलेल्या नोकरी व व्यवसायाच्या संधीबाबत देखील जागृकता निर्माण होण्याकरिता विशेष मार्गदर्शन प्राप्त झाले आहे. जागतिक जल ससाहाच्या २८ वर्षांच्या अस्तित्वातील कार्यक्रमात केवळ पाण्याशी संबंधित समस्यांविषयी

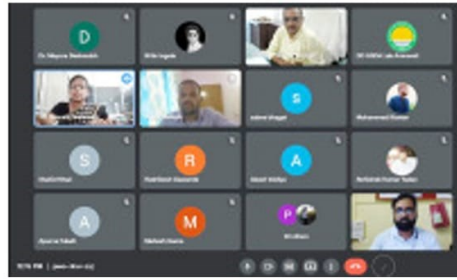

जागरूकता वाढवली नाही तर योग्य उपाय शोधण्यासाठी वैज्ञानिक दृष्टिकोनही स्वीकारला आहे. ऑनलाईन कार्यशाळामध्ये संजय कराड, उपसंचालक, भूजल सर्वेक्षण आणि विकास संस्था, भूजल व्यवस्थापन आणि भूगर्भशास्त्राचे विद्यार्थी प्रात्यक्षिका फोल्ड वर्कद्वारे जाऊन प्रात्यक्षिक करू शकतात आणि स्थानिक लोकांना भूजल संवर्धनाच्या विविध तंत्रांची जाणीव करून देऊ शकतात यावर मोलाचे मार्गदर्शन विद्यार्थ्यांना प्राप्त झाले. डॉ. मल्लिनाथ कलशेट्टी, संचालक, भूजल सर्वेक्षण आणि विकास संस्था यांची प्रमुख उपस्थिती लाभली आणि त्यांचे भूजल व्यवस्थापन यावर मोलाचे मार्गदर्शन विद्यार्थ्यांना प्राप्त झाले. श्रीमती

प्रार्थना दिवरे, सहाय्यक केमिस्ट, एनएबीएल मान्यताप्राप्त, प्रादेशिक जल चाचणी प्रयोगशाळा, भूजल सर्वेक्षण आणि विकास संस्था पाण्याच्या गुणवत्तेचे विश्लेषण प्रात्यक्षिक करू दाखविले आणि त्यावर त्यांचे यांचे मोलाचे मार्गदर्शन विद्यार्थ्यांना प्राप्त झाले. नागमलेश गंपला, भूभौतिकशास्त्रज्ञ, भूजल सर्वेक्षण आणि विकास संस्था, अमरावती भूभौतिकीय सर्वेक्षण पद्धती यावर मोलाचे मार्गदर्शन विद्यार्थ्यांना प्राप्त झाले. डॉ. गजानन चौधरी, प्राचार्य श्री शिवाजी विज्ञान महाविद्यालय, यांनी कार्यक्रमाला पाठिंबा आणि शुभेच्छा दिल्या. कार्यक्रमाचे प्रास्ताविक भूगर्भशास्त्र विभागाचे सहाय्यक प्राध्यापक सौरभ पौनिकर यांनी केले. अतिथींचा परिचय डॉ.

मयुरा देशमुख, विभाग प्रमुख आणि सहाय्यक प्राध्यापक, भूगर्भशास्त्र विभाग, शिवाजी विज्ञान महाविद्यालय, अमरावती यांनी दिला. त्यांनी विद्यार्थी आणि सामाजिक जीवनात भूजल व्यवस्थापनची भूमिका आणि महत्त्व सांगितले. डॉ. मयुरा देशमुख यांनी पाण्याच्या मूल्यावर लक्ष केंद्रित करून आणि जलसंपत्तीच्या शाश्वत वापर करावा असे आवाहन केले. अमरावती येथील भूगर्भशास्त्र विभागाचे सहाय्यक प्राध्यापक सौरभ पौनिकर यांनी संचलन केले. या कार्यक्रमाला १०० विद्यार्थी उपस्थित होते. तसेच सहाय्यक प्राध्यापक उपस्थित होते व चांगला प्रतिसाद सर्वांनी दर्शविला. सर्वांना प्रमाणपत्र सुद्धा देण्यात आले आणि आभार प्रदर्शन करून कार्यक्रमाची सांगता केली.

Online Poster competition on “Role of biotechnology for sustainable Agriculture”

Date: 9th Sept. 2021

Participants: 200

Organizer: Dept. of Botany and Shri Shivaji Agri Biotech College Amravati

REPORT

Biotechnology has transformed both the agricultural production system and the agricultural research system, by creating a technical base that can be shared by the pharmaceutical, agricultural, chemical, and food processing industries. In the same way, biotechnology promises to change the employment base of the agricultural industries. Sustainable agriculture integrates three main goals are environmental health, economic profitability, and social equity

The Shri Shivaji Education Society is one of the prestigious educational cores in Maharashtra. It is established by Hon'ble Panjabrao Deshmukh in 1931 and today, its branches are widespread in entire Vidarbha fulfilling the dreams of the founder president for a better life of the Vidarbha peasantry. Likewise, from its inception, Shri Shivaji Science College, Amravati has played a pioneer role in academics, research and extension activities. It is actively involved in organizing conferences, workshops, seminars competition to enhance our education system and provide the opportunity to our students to explore by their own. Basketball Training Camp for physically challenge people Session 2020-21

Date: 2-6 Sept.2021 and 29th Sept.2021

No. of Participants: 44

Organiser: Department of Physical Education and Sports

As in the previous year, the Department of Physical Education and Sports had organized basketball training camps for physically challenge in colleges. Basketball training camps were organized in the college with the main objective of keeping the mentally handicapped students happy as well as the physically weaker students just like the normal students. The event was held both offline for those who could and for those who could not come to the college grounds online from September 2 to September 6 offline and September 29 online. In which many players participate Reported.

Necessary facilities were provided by the college for all students with disabilities. For these players, some of the best basketball coaches Mr. Anthony Area Sir Pune are especially known for training students with disabilities, some of their online basketball training in wheelchairs. Similarly, guidance was given in the form of videos on which exercises should be included in these exercises to increase physical fitness. In very simple and straightforward terms, through his demonstration, Anthony Saran also gave some training on how to increase the physical capacity that will be convenient for all students, as well as how to practice basketball at home.

This was part of the college's plan to improve the physical and mental health of people with disabilities, just as we all need to be in good health during the Corona period. Was played. Many college players also participated in the training camp as spectators and helped in fulfilling the role of umpires. Mr. Sharad Nagne Saran also gave basketball lessons to all these players in real form and also gave guidance on what to keep in mind while playing basketball in any situation. All the students with disabilities completed the camp by enjoying sports in the camp. All the necessary support was provided by the Department of Physical Education and Sports along with Dr. Sugandh Bandh and Dr. Rupali Ingole by Madam Sujata Patil of Junior College.
