Two Days Workshop on Inculcation of Activity Based Learning Practices in Science and Mathematics Teachers at Secondary Level and Exploration of Innovative Practices in Teaching – Learning and Evaluation Methods

30th November and 1st December, 2016

VENUE: Shri Shivaji Science College, Amravati

4. Brief outlines of the thematic genesis of the project and the over-all approach followed for its implementation as approved by the NCSTC.

GENESIS OF THE PROJECT

Science and Maths are the very complex subjects for students to understand. In real sense they are the body of knowledge, a method of inquiry, a way of investigating the things. Science is an attitude towards life: a way of thinking. It should be inculcated in the upcoming student since their childhood. The successful science learning leads to the advancement as a technology which influences the life in toto. The same is applicable to learning of Maths too.

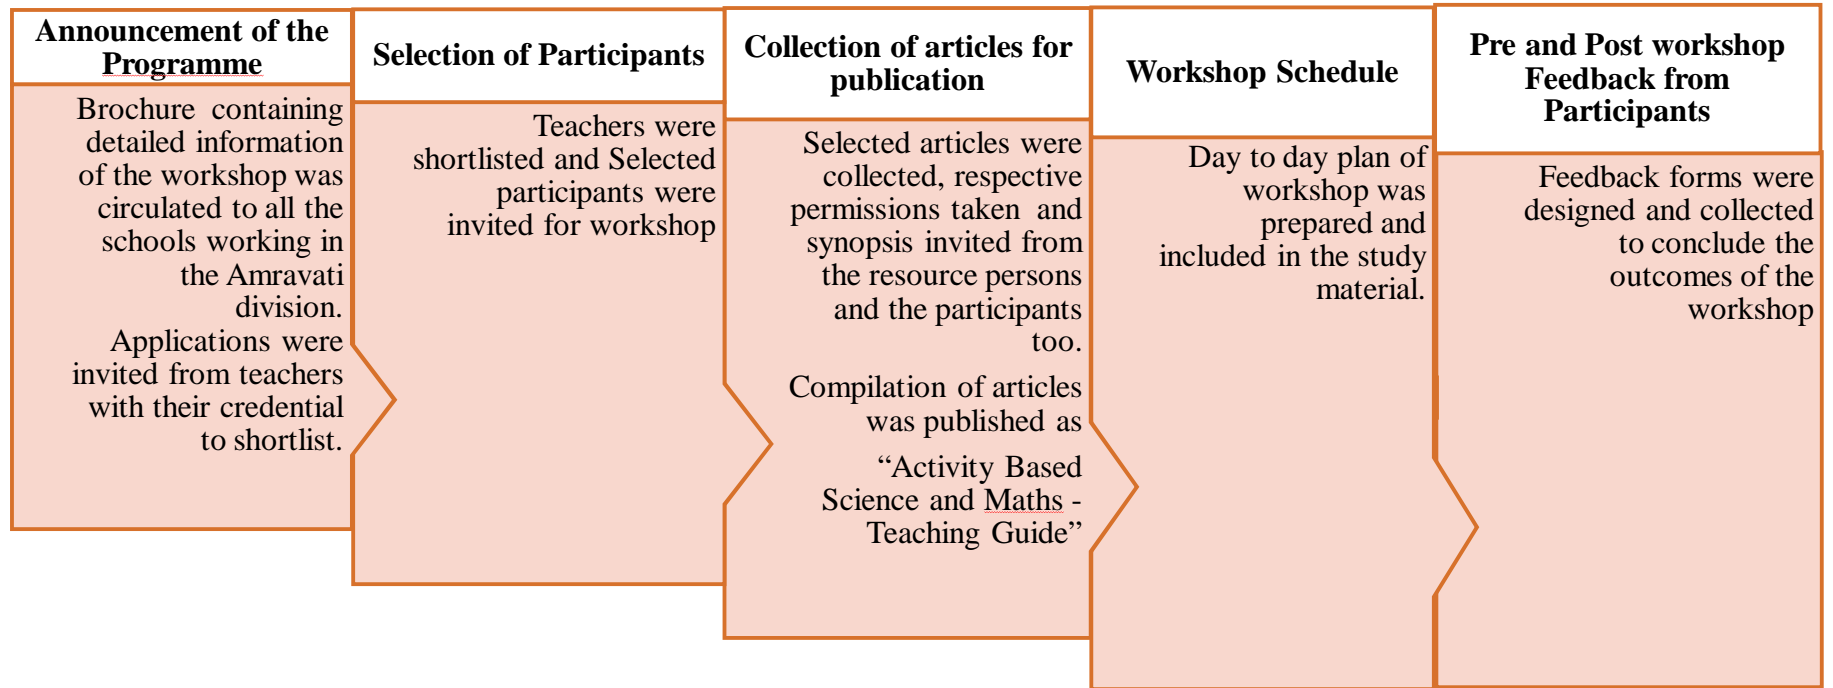

Ex - President of India, His Excellency, Late Dr. APJ Kalam envisaged a fully developed India by 2020. To transform this vision into reality, teachers have a significant role to play. The students with scientific attitude and inquiring minds will certainly bring laurels to the nation. The responsibility to develop interest in learning science / maths needs to be shouldered by the teachers.

In Indian context majority of the students belongs to the rural area. Though we are advancing towards a modern world, still 80 % of the rural population has not been able to match the pace of this evolution. The lag may be directly attributed to the lack of scientific attitude. To transform India in to a developed country, it is necessary to instil scientific attitude among the students. It is possible only when the complex processes of the scientific understanding will be simplified and rendered conversant to common man. Eventually this will develop the open mindedness, the zeal for accurate knowledge and an expectation that the solution of the problem will come through the use of verified knowledge. To achieve this, teachers need to adopt some innovative and interesting practices to attract students to understand science.

In the era of the multimedia, teaching aids play a crucial role in inculcating effective teaching trends in the teachers to attract students towards learning science. To train teachers at school level and equip them with the modern tools and techniques of teaching is the prime objective of this workshop. The main intention of this workshop was to prepare the mind set of the teachers, to inculcate a spirit of scientific inquiry and to address the curiosity of the students.

This workshop was planned to serve the purpose to uplift and bring the students closer to science. The genuine expectation from the workshop was to foster teachers' aptitude towards those qualities characterizing a person's way of behaviour which serve to indicate how well he can learn to meet & solve certain specified set of problems.

Workshop Programme

The National Centre for Science and Technology Communication

NCTC is mandated to communicate Science and Technology to masses, stimulate scientific and technological temper and coordinate and synthesize such efforts throughout the country. The programmes of NCTC aims at building capacity for informed decision making in the community and promote scientific thinking. It is devoted towards societal uplift through the dissemination of scientific knowledge in an informal manner and holds programmes with the help of different media which pervade down to every stratum of the society. The NCTC focuses an outreach activities, training in Science and Technology communication, development, production & dissemination of S & T software, incentive programmes, and field based action projects, research in S&T communication, inter-organizational co-operation, motivating students and teachers, environment awareness and programmes with a special component exclusively for women.

Lead Institute

Shri Shivaji Science College, Amravati.

It is one of the best institutions serving for the society under Shri Shivaji Education Society, Amravati. It is well known for its planning and innovative student-oriented activities. The excellence and superiority of this institution is validated and endorsed by commanding agencies like NAAC and UGC by conferring "A" Grade in Third Cycle of Accreditation and by conferring the status of the 'Valleys with Potential for Excellence'. It always takes initiative to plan and organize activities unique in nature to enhance the quality of education.

Co-lead Institutions

Dr. Prajwalrao Keshavnath Manojrao Science Centre, Amravati.

To propagate ideas to nurture research aptitude in young minds the NCTC in Maharashtra is setting up Science and Innovation Activity Centres all over the state. Shri Shivaji Education Society, under the aegis of Shri Shivaji Science College, Amravati has taken a lead and is working up with the Dr. Prajwalrao Keshavnath Memorial Science Centre at Amravati that aims at bringing teachers and students together to materialize innovative ideas.

Dr. Prajwalrao Keshavnath Ramani Knowledge Development and Training Centre, Amravati.

This is an independent centre working towards the upskilling of teachers from this region for imparting qualitative education. This centre aims at spreading the cause of education, by engaging the teachers with better know-how and steering them towards application of their abilities. It scouts out the best educator from good teachers by examining hundreds of qualities that allow them to educate their pupils in the real world. The centre nurtures the uniqueness of every teacher and ultimately renders a teacher a unique blend of all those qualities that the modern society expects in every good teacher.

Collaborators

Neel Shiksha Centre for Science Education (NSCE)

It is a National Centre affiliated to the Tata Institute of Fundamental Research (TIFR), Mumbai. The broad spectrum of goals of this Centre include promoting equity and excellence in science and mathematics education from primary school to undergraduate level, and encouraging the growth of scientific literacy in the country. It is the premier institution in the country that promotes research and development in science, technology and mathematics education. It is India's nodal centre for Olympiad programmes in mathematics, physics, chemistry, biology, astronomy and astrophysics. It carries out a wide variety of inter-related activities, which could be viewed under three broad categories: Research and Development, Teacher Education and Science Popularization and Outreach, NIS and other Students' Welfare Programmes.

The Indian Association for Biology Education (India Chapter)

AIBE is a non-profit-making educational organization dedicated to the advancement of Biology education and the dissemination of information related to biology. It is a premier association working across India continent, emphasizing excellence in Teaching, Learning and Evaluation practices at school level. In India, activities of AIBE are conducted by its India Chapter, which provides a great platform for an Indian Science Teacher to interact and share novel ideas to improve the teaching, learning and evaluation methods and also to enhance the level of understanding of the students.

Raja Science Education Centre, Wardha.

It offers the perfect breeding ground for thinkers of all fields. This centre has the greatest aura of a place confident of attracting only the most intellectually-inclined souls. It is also a centre that provides opportunities to the students of this region to learn in specially designed conditions and achieve excellence.

TechShiksha, Vani Mumbai

It is an IT (Industry Alumni) initiative working with young innovators to create an atmosphere for creative learning and innovation throughout India. It believes that, education should be more hands-on and students should get a platform to discuss, create and build. That is why, it has created STSAN (Science, Technology, Engineering, Art, Mathematics) lab.

About the Workshop

Dr. President of India, His Excellency, Late Dr. APJ Kalam envisaged a fully developed India by 2020. To transform this vision into reality, teachers have a significant role to play. The students with scientific attitude and inquiring minds will certainly bring laurels to the nation. The responsibility to develop interest in learning science / maths needs to be shouldered by the teachers.

In Indian context majority of the students belongs to the rural area. Though we are advancing towards a modern world, still 66% of the rural population has not been able to match the pace of this evolution. The lag may be directly attributed to the lack of scientific attitude. To transform India to a developed country, it is necessary to build solid scientific attitude among the students. It is possible only when the complex processes of the scientific understanding will be simplified and rendered conversational to common man. Eventually this will develop the open-mindedness, the need for accurate knowledge and an expectation that the solution of the problem will come through the use of verified knowledge. To achieve this, teachers need to adopt some innovative and interesting practices to attract students to understand science.

In the era of the multimedia, teaching aids play a crucial role in formulating effective teaching trends in the teachers to attract students towards learning science. To train teachers at school level and equip them with the modern tools and techniques of teaching is the prime objective of this workshop. The main intention of this workshop is to prepare the mindset of the teachers, to formulate a spirit of scientific inquiry and to address the curiosity of the students.

This workshop will definitely serve the purpose to uplift and bring the students closer to science. It will foster teachers' aptitude towards those qualities characterising a person's way of behaviour which serve to induce how well the solutions to meet & solve certain specified set of problems.

Objectives of the Workshop

(a) Reinstate a sense of activity based teaching, learning and evaluation; (b) Explore various skills and practices (methods) are using in their own; (c) Search for activity based teaching practices and student oriented activities currently going on in different schools; (d) Generate a pool of innovative, active and skilled school teachers; (e) Identification of resource persons from various institutions to contribute towards the creation of innovative ideas for future; (f) Gear up activities in schools to make learning of Science and Maths a fun-filled exercise.

11.3.7. Brief outlines of the outcomes of the actual analysis of the ‘effects’ of the Project on the target population

Based on the analysis of the feedback given by the participants following are the benefits reaped by teachers after successful completion of the workshop –

1. The workshop introduced various innovative methodologies of teaching science and maths
2. Exploration of importance of activity based learning for students
3. Healthy discussion undertaken after every talk revealed many new things to the participants
4. Inquiry based teaching methodology was considered by all participants as one of the best methods of teaching
5. All participants appreciated workshop as inspiring and nurturing to their creativity
6. The knowledge and methods of teaching, learning and evaluation is updated
7. They learnt to enjoy teaching through this workshop
8. Creation of the new teaching aids by using waste and readily available materials taught to conduct experiments in time bound frame of the classroom teaching, without any special efforts
9. Dramatization of the key concepts was also most appreciated method of teaching
10. Participants learned to generate curiosity and nurture it to increase enthusiasm in students
11. Overall criticising attitude to waste time in activities during teaching was vanished and now all the participants whole heartedly accepted to plan for best activities to enhance understanding level of the students

12. Suggested plan of action on the completed Project, particularly on its aspects which could result in future utilization of the outcomes:

Following were some of the best the suggestions given by participants which are applicable to upgrade such workshops –

1. Medium of instruction during the workshop must be bilingual, English and Marathi as local language
2. Workshop should be arranged for at least five to seven days
3. There should be separate workshop for Maths and Science Teachers
4. Some resource persons should be teaching at the same level of the participants
5. The workshop should be planned in the beginning of the academic session
6. More activities need to conduct during workshop
7. Selected topics from the curriculum of the classes should be demonstrated
8. Resource persons should focus on the resources and the students available at rural places
9. Similar workshops for students and parents should be convened
10. Subject wise planning of the workshop should be there

About Organizers

Homi Bhabha Centre for Science Education Tata Institute of Fundamental Research, Mumbai, India

Homi Bhabha Centre for Science Education (HBCSE) is a National Centre of the Tata Institute of Fundamental Research (TIFR), Mumbai. The broad goals of the Centre are to promote equity and excellence in science and mathematics education from primary school to undergraduate college level, and encourage the growth of scientific literacy in the country.

Over the four decades, HBCSE (www.hbcse.tifr.res.in) has undertaken various R & D projects in science and mathematics education. To these ends it carries out a wide spectrum of inter-related activities, which may be viewed under three broad categories:

- Research and Development,
- Teacher Orientation and Science Popularisation, and
- Olympiads and other Students' Nurture Programmes

Since July 1974, it has conducted a large number of in-service teacher orientation programmes in urban, rural and tribal parts of the country. It is India's nodal centre for Olympiad programmes in Mathematics, Physics, Chemistry, Biology and Astronomy. Another major program of HBCSE is the National Initiative on Undergraduate Science (NIUS). HBCSE runs a Graduate School in Science and Mathematics Education. Students admitted to HBCSE Graduate School work for the degree of Ph.D. in Science Education, which is a degree of TIFR (Deemed University).

Vidnyan Parishad is the extension of the services of the HBCSE. The basic objective behind launching is to modernize education system at school level and update teachers regarding the recent trends in education strategies. The fruitful parishad's organized by Shri Shivaji Education Society, Amravati witnessed by teaching fraternity is inspiring for all.

SHRI SHIVAJI EDUCATION SOCIETY

Shivaji Nagar
Amravati - 444603, MS, India

The Shri Shivaji Education Society, Amravati was founded by a Great Philanthropist of Vidarbha Region Krushiratna **Dr. Panjabrao alias Bhausaheb Deshmukh**, First Union Agriculture Minister for India, in 1931-32. The foundation was led to offer education to all the classes of society, especially to the downtrodden and socio-economically backward sections. Registered as a Society under Societies Registration Act, 1860, R. No. 13 of 1932 – 1933 dated 2/12/1932 and as a Public Trust under Bombay Public Trust Act 1950, R.N. F/89 dated 18/3/1963

The society has taken up a mission, to use education as a tool of social transformation and to spread opportunity of education amongst deprived sections of the populace, equipping them to participate in the nation building activity, so as to promote individual, social and national growth. Importantly, the aim is to eradicate illiteracy, blind faith and develop scientific temperament amongst rural population by educating them through establishing education institutes.

It started as small institute with a primary school, seven middle schools and eight colleges, which has now expanded with 24 Senior Colleges, 54 Junior colleges, 75 middle schools, 35 hostels mainly in the region of Vidarbha. The educational institutions cover areas like Medicine, Engineering, Agriculture, Science, Arts, Commerce, Bio-technology, Computers, Education, Physical education, Horticulture, Information technology, law, and micro-biology. It also runs a Polytechnic for boys and girls at Amravati.

Our inspiration Dr. Bhausaheb and the Society is widely acknowledged and bestowed with different honours:

- “Krushiratna Award” an Honorary Title from Govt of India (1986)
- “Dalit Mitra Award” Deptt. of Social Development, Maharashtra State (1993)
- “Best Social Service Award” Gadgebaba Mission, Mumbai (1998)
- “Best Administered Education Society Award ” (2000)
- Department of Postal Services released a Postal Stamp in favour of Bhausaheb Deshmukh referring him as “Freedom Fighter and Social Reformer (1999)
- Special Grant of Rs. 75 Lakhs declared by Maharashtra Govt. on Platinum Jubilee Celebration (2007)
- Indian Economic Development & Research Association, New Delhi conferred “Indian Leadership Award for Education Excellence” To Adv. Arunkumar Bhimraoji Shelke, President, Shri Shivaji Education, Society, Amravati Dt. 11.2.11.
- “Maharashtra Nirmata Award” from Bharatiya Samajik Vigyan Va Loksahitya Sanshodhan Sanstha, 50 Shivram Nagar, Parbhani, Maharashtra (2011)

Shri Shivaji Science College, Amravati

Shri Shivaji Science College, Amravati was established in 1958 with a combination of faculties namely Science, Arts, Commerce, Law and Agriculture, and was separated as a Science faculty in 1969, and has already completed fifty glorious years of its existence in 2008. We can proudly declare that it has indeed grown from a seedling into a tree that has not only sheltered thousands of youngsters but also has molded them into great personalities, now scattered across the globe. With its first accreditation in 2001 with an A Four Star grade, and reaccredited in 2008, with an "A Grade" "Very Good", CGPA 3.10, by NAAC. Once again NAAC has endorsed quality of this college by adjudging it as "A Grade" College with CGPA 3.13 in Third Cycle of accreditation. It was indeed a great achievement. The College has also earned a special reputation for being conferred with the status of a "College with Potential for Excellence", by the UGC, in the first phase and now stepped up in the second phase of CPE. The college has also identified by Department of Science and Technology, GoI for grants under FIST. Sant Gadge Baba Amravati University has also nominated this college as "Lead College".

Highlights:

- 1) Introduction of Science as a new faculty in Shri Shivaji College in 1958.
- 2) Separated from parent institution as an independent Shri Shivaji Science College in 1969.
- 3) Evolved as Premier Institution for imparting formal education in the Science stream.
- 4) Reaccredited by NAAC, Bangalore with 'A' Grade with CGPA 3.13 (Third Cycle).
- 5) UGC has awarded CPE (College Potential with Excellence) status for Second Phase.
- 6) The college has also identified by Department of Science and Technology, GoI for grants under FIST.
- 7) Sant Gadge Baba Amravati University has also nominated this college as "Lead College"..
- 8) Conveniently accessible from all parts of Amravati city.
- 9) Spacious and evergreen campus.
- 10) Permanent, Fulltime, Competent staff.
- 11) Spacious class-rooms, modern, well-equipped laboratories & excellent sports facilities.
- 12) Campus networking and Broad Band Connectivity.
- 13) Fully computerised competent library with SOUL software, OPAC and Circulation Module.

Indian Institute of Science Education and Research (IISER), Pune

Outreach Brief Note

The Centre of Excellence in Science and Mathematics Education (COESME), at IISER Pune has been set up as a part of the Pandit Madan Mohan Malaviya National Mission for Teachers and Training under the ambit of the Ministry of Human Resource Development. The objective of this center is to help impart pedagogical training to teachers as well as hands on science education to students from various schools, colleges, universities and research institutes.

Activities

Several activities are being planned and conducted as part of the COESME. These fall under three broad areas:

1. Pedagogical innovation by and for school/college teachers and educationists
2. Science Exploratorium
3. Science and Mathematics Educational Camps for Students

1. Pedagogical innovation by and for school/college teachers and educationists

CoESME aims to organize workshops for school and college teachers to empower them to incorporate research based teaching methodologies into their daily practice. Teachers will be encouraged to develop their own teaching resources. Wherever needed, support and advice would be provided with the help of national and international experts in curriculum and pedagogy. The workshops will bring teachers together, network them and provide them an opportunity to learn pedagogical techniques from each other and refine these to make them more effective. These workshops will focus on implementing effective hands-on training and inquiry-based learning in classrooms. In addition to workshops, COESME will host a number of teacher interns at IISER Pune for more rigorous and personalized training.

One of our current projects is a **Series of Pedagogy Workshops for Undergraduate Science Teachers**, organized with support from the DBT/DST, Govt. of India and in collaboration with Newton Bhabha Fund, British Council.

These hands-on workshops are designed to introduce teachers of UG/PG science courses to pedagogical tools that focus on process of science rather than information, and help students develop critical thinking and problem-solving abilities. The workshops give teachers a platform to network and to get information on funding opportunities. COESME plans to take this programme to all parts India at 3 levels:

- **Level 1 workshops:** National workshops conducted by a team from University of Sheffield, UK along with experts from India
- **Level 2 workshops:** Train-the-trainer modules for selected participants from Level 1 to enable them to train other teachers
- **Regional RBPT Workshops:** Workshops for smaller, regional groups all over India, conducted by teachers trained at Level 2

2. Science Exploratorium

One of the planned activities for CoESME is the creation of a Science Exploratorium which would provide students with a hands-on, interactive center for learning basic scientific concepts through the use of models, scientific toys and other immersive learning approaches. The aim is to help learners internalize concepts better and to excite their imagination and creativity.

3. Science and Mathematics Educational Camps for Students

Short residential camps are held for school and college students to acquaint them with research in different fields and to give them a feel of the research environment. In addition, promising students are provided with a platform to carry out short projects for research-based learning under the guidance of IISER faculty.

At the centre we have a dream of bringing gleam in the eyes and sense of wonder in children and teachers. We wanted science and math learning interesting and experiential so that children can relate the textbooks in their daily lives. We create hands-on activities, models (we call them toys) using very inexpensive material, so that every hold has access to interesting learning. We make short films on how to make these models and upload it on YouTube. Our channel has 60 million viewers, for our 1100 + activities. All this is available on our [YouTube channel](#) . We have also dubbed these videos in 22 different languages (Indian and foreign). Please see all the film links on our website.

<http://www.arvindguptatoys.com/toys.html>

<https://www.youtube.com/channel/UCT7EcU7rC44DiS3RkfZzZMg>

In our workshops for teachers and children we make pumps, generators, motors, spinners, gliders, hundreds of activities in math's all using paper, plastic bottles, straw, syringe tube and very inexpensive material. Once we get our hands dirty by making these toys the conceptual understanding and science becomes easy and natural. While these toys appear simple the science behind them can be interesting and challenging. Levitating a pen in air, folding an equilateral triangle from an A sheet. All these activities unravel the science around us. If we can take all these toys inside our classes we could revolutionize learning.

CO - HOST INSTITUTIONS

Dr. Panjabrao Deshmukh Memorial Science Centre, Amravati:

To propagate ideas to nurture research aptitude in young minds the RGSTC in Maharashtra is setting up Science and Innovation Activity Centres all over the state. Shri Shivaji Education Society, under the aegis of Shri Shivaji Science College, Amravati has taken a lead and is coming up with the Dr. Panjabrao Deshmukh Memorial Science Centre at Amravati that aims at bringing teachers and students together to materialize innovative ideas.

Dr. Panjabrao Deshmukh Human Resource Development and Training Centre, Amravati:

This is an independent centre working towards the updating of teachers from this region for imparting qualitative education. This centre aims at spreading the cause of education, by equipping the teachers with better know-how and steering them towards application of their abilities. It sculpts out the best educator from good teachers by combining hundreds of qualities that allow them to educate their pupils in the real sense. The centre nurtures the uniqueness of every teacher and ultimately renders a teacher a unique blend of all those qualities that the modern society expects in every good teacher.

Four Day's Hands-on Workshop on Genome and Plasmid Isolation, PCR, RFLP AND PRIMER DESIGNING

17th February to 20th February, 2018

Organized by

Shri Shivaji Science College

Shivaji Nagar, Amravati - 444603, MS, India

Department of Botany

Department of Environmental Science and

Central Instrumentation Cell

Technical Expertise by

Cerebro Scientific

Sector-10, Kharghar,

Navi Mumbai-410210

Dear Students,

Department of Botany, Environmental Science and Central Instrumentation Cell, Shri Shivaji Science College, Amravati, in association with Cerebro Scientific, Navi Mumbai is organizing **Four Day's Hands-on Workshop on Genome and Plasmid Isolation, PCR, RFLP AND PRIMER DESIGNING** to train upcoming Post Graduate Students and researchers in Modern Tools of Molecular Biology, Biotechnology and Bioinformatics. The workshop will involve hands on training on Genome and Plasmid Isolation, PCR, RFLP and Primer Designing.

Eligibility: B. Sc. Final Year Students and Post Graduate students of any Department

Seats: 50 Seats (To conduct hands on Training no. of seats are limited, Spot registration will not be entertained in any case).

Date: 17th – 20th February, 2018 at 10.00 AM – 6.00 PM

Registration Fees: Rs. 1500/- (DD in favour of Principal, Shri Shivaji Science College, Amravati payable at Amravati) or Cash deposit by any mode to the account in the Name of **Principal, Shri Shivaji Science College, Amravati; Account Number:** 1828206379, Bank: Central Bank of India, APMC Branch, Amravati, **IFSC Code:** CBIN0283248. **Registration Fee includes Study material, Working lunch and Tea.**

Venue: Central Instrumentation Cell, Shri Shivaji Science College, Amravati

Participants are advised to come prepared with basics of PCR and difficulties you might have faced.

WORKSHOP SCHEDULE

Day 1:

L: Introduction to DNA Isolation

P: DNA Isolation

L: Introduction to PCR

P: DNA Isolation Continuation

Day 2:

L: Plasmid Isolation

P: Agarose Gel Loading

P: Continuation of Plasmid Isolation

Day 3:

P: Agarose Gel Loading

P: PCR: Introduction to RFLP

P: Performing RFLP

Day 4:

Subject: National workshop on PCR, RFLP and Primer Designing

Respected Sir,

With your kind consent, under Central Instrumentation Cell and Deptt. of Botany we are organizing "Workshop in collaboration with Cerebro Scientific, Mumbai. To conduct this workshop we require following facilities from the college –

1. AV Theater for inaugural function and Valedictory function with audio facility
2. Refreshment for Guests for both functions at office
3. Broadband Internet Connectivity at AV Theater, Botany deptt. and CIC (Includes Sunday)
4. 30 Chairs in AV theater etc.

You may be humble requested to kindly grant permission to conduct the workshop and preside over both for inaugural function and Valedictory function.

Thanking you.

Subject: Four Day's Hands-on Workshop on Genome and Plasmid Isolation, PCR, RFLP and Primer Designing

Respected Sir,

Department of Botany, Environmental Science and Central Instrumentation Cell, Shri Shivaji Science College, Amravati, in association with Cerebro Scientific, Navi Mumbai is organizing 'Four Day's Hands-on Workshop on Genome and Plasmid Isolation, PCR, RFLP AND PRIMER DESIGNING' during **17th to 20th January, 2018**. (Specially scheduled including two holidays to avoid academic loss of the students)

This workshop has a target group of **B. Sc. III and Post Graduate Students** of Life Sciences with basic objective to train them in use and applications Modern Tools of Molecular Biology, Biotechnology and Bioinformatics. The course content of this workshop requires modern expensive instrumentation and consumables and generally our students may not obtain opportunity to personally work and learn these advance techniques. We are offering this indispensable experience to the students of our region through this Hand-on workshop.

Following are the Hands-on Experiments to be conducted:

1. Genome Isolation
2. Plasmid Isolation,
3. PCR,
4. RFLP
5. Primer Designing

The information brochure is attached for your kind perusal and circulation among the students. You are requested to advocate the said workshop to the students of your institution.

We hope to have the kind cooperation to make this workshop fruitful for our students.

Thanking you in anticipation

We remain,

Yours faithfully,

Subject: Request to sanction an amount payable for Workshop

Respected Sir,

As per your kind consent, Department of Botany, Environmental Science and Central Instrumentation Cell, Shri Shivaji Science College, Amravati, in association with Cerebro Scientific, Navi Mumbai is organizing 'Four Day's Hands-on Workshop on Genome and Plasmid Isolation, PCR, RFLP AND PRIMER DESIGNING' during **17th to 20th January, 2018**.

As per the agreement with the Cerebro Scientific, Navi Mumbai following terms were accepted –

1. The mutually decided fees per participant was Rs. 1500/-.
2. Total maximum no. of participants allowed were 50.
3. Total received amount will be shared with the ratio of 70:30 between Cerebro and College (excluding the amount paid for food arrangements).
4. All the other expenses will be deducted from the share of Cerebro.

As per the above terms, I am submitting detailed Receipt and Expenditure statement as follows –

1. Total amount received from 50 participants	-	Rs. 75000
2. Expenditure on Food Arrangements	-	Rs. 21000
3. Amount for 70:30 distribution	-	Rs. 54000
4. 30% Share of college	-	Rs. 16200
5. 70% Share of Cerebro	-	Rs. 37800
6. Amount spent on other requirements	-	Rs. 8375
7. Amount Payable to Cerebro	-	Rs. 29425

Therefore, you may be humbly requested to kindly peruse the above statement and sanction the payable amount of **Rs. 29425/-** in favour of Cerebro Scientific. On sanction, please issue the cheque in favour of **Mr. Mandar Karkhanis**.

Thanking you in anticipation.

Subject: Four Day's Hands-on Workshop on Genome and Plasmid Isolation, PCR, RFLP and Primer Designing

Respected Sir,

Department of Botany, Environmental Science and Central Instrumentation Cell, Shri Shivaji Science College, Amravati, in association with Cerebro Scientific, Navi Mumbai is organizing 'Four Day's Hands-on Workshop on Genome and Plasmid Isolation, PCR, RFLP AND PRIMER DESIGNING' during **17th to 20th January, 2018**. (Specially scheduled including two holidays to avoid academic loss of the students)

This workshop has a target group of **B. Sc. III and Post Graduate Students** of Life Sciences with basic objective to train them in use and applications Modern Tools of Molecular Biology, Biotechnology and Bioinformatics. The course content of this workshop requires modern expensive instrumentation and consumables and generally our students may not obtain opportunity to personally work and learn these advance techniques. We are offering this indispensable experience to the students of our region through this Hand-on workshop.

Following are the Hands-on Experiments to be conducted:

1. Genome Isolation
2. Plasmid Isolation,
3. PCR,
4. RFLP
5. Primer Designing

The information brochure is attached for your kind perusal and circulation among the students. You are requested to advocate the said workshop to the students of your institution.

We hope to have the kind cooperation to make this workshop fruitful for our students.

Thanking you in anticipation

We remain,

Yours faithfully,

Dr. D. D. Khedkar

SHRI SHIVAJI EDUCATION SOCIETY, AMRAVATI

The **Shri Shivaji Education Society, Amravati** is a premier educational institution of Central India with branches in all the districts of Vidarbha in Maharashtra. It is registered as a Public Charitable Trust (R.N. F/89). Its Founder President was the late **Dr. Panjabrao Alias Bhausaheb Deshmukh** (First Union Minister of Agriculture, Govt. of India) who established various schools, colleges, hostels and other teaching and technical institutions and devoted all his energy for strengthening and enlarging the activities of the Shri Shivaji Education Society, Amravati.

The Society was registered in December 1932. In 1958, it had one primary school, seven middle schools and eight colleges. Today it runs 40 Senior Colleges, 54 Jr. Colleges, 80 Middle Schools, 12 Training Institutes and 51 Hostels mainly in the region of Vidarbha but also in other parts of the state. The educational institutions cover areas like Agriculture, Arts, Bio-technology, Computers, Education, Engineering, Horticulture, Information Technology, Law, Medicine, Micro-biology, Physical Education and the Pure Sciences. It also runs a Polytechnic for boys and girls at Amravati.

The Shivaji Education Society was founded by Dr. Panjabrao Alias Bhausaheb Deshmukh in 1931-32. Along with other members, Bhausaheb devoted himself to educate the people by establishing school and colleges far and wide in the Vidarbha. The Society was awarded the “**Dr. Babasaheb Ambedkar Dalit Mitra Award**” in 1993-94 by the Govt. of Maharashtra. In the year 1999-2000, the Society was awarded by the '**Gadge Maharaj Memorial Award**', on 5th September, 2000. In the year 2011, Society was awarded by the “**Leadership Award for Excellence in Education**” (Feb 11, 2011) and “**Maharashtra Nirmata Award**” (May 2, 2011). The Govt. of Maharashtra declared the Society as the “**Best Administered Society**” in the state and awarded it a cash award of Rs. 1 Lakh. In its citation, the State Government formally recognized the seminal contribution made by the Society in the field of education and cultural advancement.

SHRI SHIVAJI SCIENCE COLLEGE, AMRAVATI

With the introduction of Science faculty in Shri Shivaji Arts and Commerce College, Amravati in 1958, it separated from parent institute as an independent **Shri Shivaji Science College, Amravati** in 1969. Now Shri Shivaji Science College, Amravati evolved as Premier Institution for imparting formal education in the Science stream and is affiliated with **Sant Gadge Baba Amravati University, Amravati**. College conveniently accessible from all parts of Amravati city has spacious and evergreen campus. College offers Junior, Under Graduate, Post Graduate and Research education in Science. College has permanent, fulltime, competent staff, research guides with all state of art facilities for science education and research in different science disciplines. The college is NAAC re-accredited “**A Grade**” **College with CGPA 3.13** in third cycle. The College has also earned a special reputation for being conferred with the status of a “**College with Potential for Excellence**” by the UGC for second phase. Additional feathers in the crown of the college are – identification by Department of Science and Technology, GoI for grants under **FIST** and Sant Gadge Baba Amravati University’s nomination as “**Lead College**” for its area. The College is also credited by Rajiv Gandhi Science and Technology Commission with the sanction of grants of Rs. 2.5 Crore to setup an institution as “**Science and Innovation Activity Centre**”.

CENTRAL INSTRUMENTATION CELL (C.I.C.)

Central Instrumentation Cell (C.I.C.) of Shri Shivaji Science College, Amravati is established by the funds provided by University Grand Commission (UGC), New Delhi. To cater the needs of research and developmental activities of all departments within campus and also to serves the needs of researchers from Universities, Research Institutions, Industries and farmers from all over the country. Central Instrumentation Cell has facilities to carry out various analytical, spectroscopic measurements, chromatography and sample characterization by visual and photographic analysis. C.I.C. has state-of-the-art in analytical facilities, experienced faculties to conduct various scientific researches, workshops and trainings. The following table provides Analytical Instruments available in C.I.C. of Shri Shivaji Science College, Amravati– 444 603 (M.S.), India.

8.	Trinocular Stemi 2000 Stereo Zoom Microscope with Digital Camera	Stemi 2000(with Measurement Software)	Carl-Zeiss, Germany
9.	Trinocular Phase Contrast Microscope with Digital Camera	Primostar HAL	Carl-Zeiss, Germany
10.	Transition Temperature measurement Setup for Superconducting Sample	Indosaw, INDIA	Indosaw, India
11.	Analytical Balance	AUX 200 (Accuracy 0.01)	Shimadzu, Japan

The users can avail these facilities by submitting the samples along with the duly filled requisition form for a nominal charge.

FOUR DAY'S HANDS ON WORKSHOP ON GENOME AND PLASMID ISOLATION, PCR, RFLP AND PRIMER DESIGNING

17TH TO 20TH FEBRUARY, 2018

Department of Botany, Environmental Science and Central Instrumentation Cell, Shri Shivaji Science College, Amravati, in association with Cerebro Scientific, Navi Mumbai has organized 'Four Day's Hands on Workshop on Genome and Plasmid Isolation, PCR, RFLP AND PRIMER DESIGNING'. The prime objective behind organizing this workshop was to train upcoming Post Graduate Students and researchers in Modern Tools of Molecular Biology, Biotechnology and Bioinformatics. The workshop involved hands on training on Genome and Plasmid Isolation, PCR, RFLP and Primer Designing.

This workshop had a target group of B. Sc. III and Post Graduate Students of Life Sciences. The course content of this workshop was delivered with hands on opportunity to every participant. Personal working with the modern expensive instrumentation was great learning experience for all the students.

The workshop was inaugurated under the chairmanship of Hon'ble Dr. V. G. Thakare, Principal, Shri Shivaji Science College, Amravati at the hands of Hon'ble Dr. N. J. Chikhale, Principal, Shri Shivaji Agriculture College, Amravati. Workshop Co-conveners Dr. S. P. Ingole, HoD Environmental Science and Prof. B. K. Dorkar, HoD Botany with Dr. D. D. Khedkar, Workshop Organizing Secretary and Dr. Mandar Karkhanis, Director, Cerebro Scientific, Navi Mumbai were present on the dias.

Overall 50 students participated from Rashtra Sant Tukadoji Maharaj Nagpur University, Gondwana University and Sant Gadge Baba Amravati University. Participants from 15 college attended the workshop.

Hands on sessions along with the theoretical information sessions were conducted for all the four days with rigorous schedule from morning 9.00 am to 6.00 pm. Participants isolated DNA from their very own biological material i.e. buccal cavity mouthwash and plasmid from E.coli bacteria. Isolated DNA was amplified by PCR and analysed further for RFLP. Primer designing session was also conducted at facility available at computer department. Participation certificates were issued to all the participants after successful completion of the workshop.

PEDAGOGY WORKSHOP

FOR UNDERGRADUATE AND POSTGRADUATE
SCIENCE AND MATHEMATICS TEACHERS

Shri Shivaji Science College, Amravati, Maharashtra
from June 26-28, 2018

Fully funded, hands-on workshop on teaching tools to inculcate scientific thinking among students

The workshop will introduce teaching methods that focus on the process of science rather than information, and help students develop critical thinking and problem-solving abilities. This will also be a platform to network with peers and to get information on funding opportunities.

Facilitators trained by a team of experts from UK will be trainers in this workshop. Open to teachers of UG/PG courses in any stream of science or mathematics. There is no registration fee. Participants may be paid some travel allowance.

WORKSHOP COMPLETION REPORT

The national policy on Education was framed in 1986 and modified in 1992. Since then several changes have taken place that calls for revision of the policy. The Government of India would like to bring out a National Education Policy to meet the changing dynamics of the population's requirement with regards to quality education, innovation and research, aiming to make India a knowledge superpower by equipping its students with the necessary skills and knowledge and to eliminate the shortage of manpower in science, technology, academics and industry.

Education means all round development of students. Actually, the teaching should be an interesting thing for the teachers and the students as well. Our colleges should be an interesting place for teaching- learning experiences, but it seems that today's education is totally examination oriented. The students mug up the contents of the syllabus and write it down in the examination to score marks. These days there is a rat race amongst the students for marks. In this education system the most challenging part in front of us is do the students acquire knowledge? Are they becoming skilled personnel? Are they using their creativity while learning? Are they applying knowledge in real life? So, to resolve these problems the teachers should update themselves to fulfil the changing needs of students with regard to education. They should adapt new methodologies in order to help students because students should become active learners rather than passive recipients of information.

The Shri Shivaji Education Society is one of the prestigious educational hubs in Maharashtra. It is established by Hon'ble Panjabrao Deshmukh in 1931 and today, its branches are widespread in entire Vidarbha fulfilling the dreams of the founder president for a better life of the Vidarbha peasantry. Likewise, from its inception, Shri Shivaji Science College, Amravati has played a pioneer role in academics, research and extension activities. It is actively involved in organizing conferences, workshops and seminars to enhance our education system and provide the opportunity to our students to explore by their own. There

is a dearth of good teachers who can ensure quality education and come forward to face the challenges in education. With this context “The Regional pedagogy workshop for undergraduate and post graduate science and mathematics teachers” was organized at Shri Shivaji Science College, Amravati, Maharashtra from 26th to 28th June. This workshop was supported by MHRD, DST, DBT and IISER Pune. The workshop was designed to train the teachers to use research based pedagogical tools (RBPT) in the classrooms to augment critical thinking and research skills. It has introduced research based pedagogical tools that focus on the process of science rather than facts. This new approach to teaching can improve the quality of undergraduate and postgraduate education. This was also an opportunity for professional development of all the teachers and chance to interact with their counterparts from various colleges and educational experts from India and learn from each other’s experiences.

The participants were selected by IISER, Pune. The applicants were also asked to submit the abstract about why they want to attend this workshop? After the scrutiny in total 60 lecturers from five different universities of Maharashtra have been selected to attend the workshop and they have participated in three days of training programme. The participants trained in previous national level workshops by a team of experts from UK were the trainers for this workshop.

LIST OF TRAINERS

11:15	Coffee/Tea		
11:30	Ideal student (Prepare and display poster) Participant groups prepare posters to list interests, attitudes, work habits, and ambitions of a perfect student.	Presentation and Group activity	Dr. Chakane
12.30	Learning through Questioning Review the goals of RBPTs in terms of learning and Questioning	Presentation	Dr. Parvathi
1:00	Lunch		
2.00	Paper Planes activity (Prepare and display a poster) Framing questions that require classroom activity: designing empirical methods, recording and reporting observations.	Presentation and Group activity	Dr. Rashmi
3.15	Learning's from Paper Planes activity Feedback from peers and trainers. Coffee/Tea	Trainer led discussion	Dr. Rashmi
3:45	Tea/coffee		
4:00	Student research and autonomy: Background, concept of student research and autonomy	Presentation	Dr. Chakane
4.30	Introduction to RBPTs Background, concept of student research and autonomy, what is RBPT, 5Rs & goals of RBPT, difference between RBPT & project	Presentation	Dr. Rashmi
5:00	Preparing to create an RBPT Form subject-wise groups and select topic for RBPT preparation	Group activity Subject Rooms	All trainers

Day 2 – Development of RBPT– Create a draft RBPT; seek and give peer feedback

Time	Activity	Format	Trainer
9:30	Elements of RBPT Revise structure of RBPT and its six elements	Presentation	Dr. P. Kolla
10.30	RBPT Examples Discussion about RBPT exemplars and presentation on one example of RBPT from each subject	Group activity and Presentation	(Exemplars) All trainers (one example each from their respective subject)
11:30	Coffee/Tea		
12.00	Preparing RBPTs Participants to list topics from the syllabus where RBPT can be implemented. Participant groups select and develop a concept for a RBPT suitable for their subject and resources.	Group activity Subject Rooms	All trainers
1.00	Lunch		
2.00	Teaching tools for the learning - Panda Activity	Presentation	Dr. Parvathi
2.30	Prepare a Poster for the RBPT Each group prepares a poster to describe their RBPT	Group activity Subject Rooms	
3.30	Coffee/Tea		
4.00	Preliminary review of Posters Feedback from peers and trainers. Review posters based on six elements and provide feedback to refine and improve their RBPTs:	Group activity; Trainer-led discussion Subject Rooms	All trainers
5.00	Coffee/Tea		
5.30	CoESME talk and Funding opportunities (Open to all Undergraduate Science teachers)	Presentation	Dr. Shilpa

Day 3 – Presenting the RBPT - Display posters for RBPTs, Plan strategies and action for implementation of RBPTs in the classroom

Time	Activity	Format	Trainer
9:30	Refining RBPTs Review of insights arising from Day 1&Day 2. Participant groups refine RBPTs based on learnings review, Finalize their posters.	Group activity Subject wise	All trainers
11.00	RBPT Poster presentation	Participant interaction Display area	All trainers
11.00	Coffee/Tea		
11.30	Presentation of RBPT by each group and Evaluation by peers (5-minute presentation + 2-minute feedback)	Plenary	All trainers
1.00	Lunch		
2:00	Listing the possible RBPTs from curriculum List out at least 2-3 RBPTs from your syllabus and discuss implementation strategies.	Group activity	All trainers
2.30	RBPT implementation at colleges – Hurdles & Strategies Discuss blockers for implementation of RBPT. IISER Suggest enablers for achieving the goals of empowered students.	Trainer-led discussion	Dr. Shilpa Dr. Anupama
3.00	Summing up; Setting SMART targets (Action planning) Assess the goals set from the workshop. Prepare action plan for adopting RBPT. Form support groups and resource banks.	Plenary	Dr. P. Kolla
3.30	Closing and group photo	Plenary	-
4.00	Coffee/Tea		

Day One:

On 26th June 2018 the registration of the participants started at 9:00 am in the morning. All the participants even though travelled from distant places were present on time at the venue.

Registration Process

Breakfast arrangements for Participants

The workshop was inaugurated at the hands of Hon'ble Dr. Muralidhar Chandekar, Vice-Chancellor, Sant Gadge Baba Amravati University, Amravati in the Sir C. V. Raman Hall of Shri Shivaji Science College. The inaugural ceremony was chaired by Hon'ble Dilip babu Ingole, Treasurer of Shri Shivaji Education Society, Amravati and among the other dignitaries on the dais were Dr. Varaprasad Kolla, Professor and Head, School of Life Sciences, ITM University, Raipur as a Lead trainer, Dr. Shilpa Jain, Programme manager, CoESME, Pune, Dr. V. G. Thakare, Principal, Shri Shivaji Science College and Dr. Dinesh Khedkar, organizing secretary RBPT workshop. The Convener of the workshop Dr. V. G. Thakare delivered his welcome speech which was followed by an introductory speech by Dr. Shilpa Jain, to brief about the role of CoSME and aim of organizing the workshop. In his inaugural speech Dr. Muralidhar Chandekar, Vice-Chancellor, Sant Gadge Baba Amravati University, Amravati reiterated the need to find solutions to the challenges in the field of education. He had given emphasis on student centered education system. In his presidential address Hon'ble Dilip babu Ingole, Treasurer of Shri Shivaji Education Society, Amravati had focused on the issues related with the current education system and specially emphasized on role of teachers to face the challenges and improve our education system. The inaugural ceremony was anchored by Dr. Dinesh Khedkar, organizing secretary of RBPT workshop.

Inaugural Session started with University Anthem

Introductory Remarks: Dr. V. G. Thakare, Principal, Shri Shivaji Science College, Amravati.

About CoESME: Dr. Shilpa Jain, CoESME, IISER, Pune

Inaugural Address: Dr. Muralidhar Chandekar, Vice-Chancellor, Sant Gadge Baba Amravati University, Amravati

Presidential Speech: Hon'ble Dilipbabu Ingole, Treasurer, Shri Shivaji Education Society, Amravati

Anchoring and Vote of Thanks: Dr. Dinesh Khedkar, Organizing Secretary RBPT workshop

The inaugural session was followed by the presentation of Dr. Varaprasad Kolla on the topics “Three in three”-elaborating Expectations and learning outcomes from the workshop and “Effective Pedagogy”-details of various pedagogical methods to foster the skills and attitudes we expect in our students. The participants were asked to write the reason for attending the workshop. Many of them wanted to acquire RBPT skills and implement it in their own colleges to enhance their teaching methods and professional development too. They wanted to adopt a more student-centred approach and seek to change existing practice.

Dr. Varaprasad Kolla on the topics “Three in three”

After a tea break presentation and Group activity on “Ideal student” was conducted by Dr. Sanjay Chakane. In this session the groups of participants were asked to create a simple poster to show characteristics of their Ideal students and enlist interests, attitudes, work habits, and ambitions of a perfect student. This activity was planned to make the teachers aware regarding skills and attitudes of the students and they should consider it before dealing with any topic which should not be simply aimed to cover the syllabus.

“Ideal student” Session conducted by Dr. Sanjay Chakane.

Participants preparing poster depicting Ideal Student.

Participants after discussion had presented their posters. Following features of ideal students were mainly focused on many posters:

- Creative, Well rounded, Self-confident, Hungry for knowledge, Punctual, Communication skill (interactive), Social/cultural activities (co-curricular activities), Hardworking, Listener, sensible, curious, trustworthy, rebel, logical thinker, critic, good human.

“Ideal student” Presentation by participants

Ideal Student: Posters by Participants

The other part of the activity was to focus “what would the perfect teacher look like from the point of view of our students”

Here the participants highlighted following characters of Teacher:

- Knowledgeable, flexible, caring, committed, role model, visionary, passionate, good listener, simplify the subject, approachable, well disciplined, good sense of humour, work for betterment of students.

Entire discussion culminated into the common thought that “Education works best when Teaching matches learning. Teachers match students”.

This activity was followed by talk of Dr. Parvathi on “Learning through Questioning” (Review the goals of RBPTs in terms of learning and Questioning). She has explained the importance of asking questions to guide students from known to unknown. She has given some examples of RBPT and maths software’s. RBPT should be content driven, process driven and student oriented i.e. to make students autonomous during learning. It must contain 5Rs- Recognize, Require, Refine, Reward and Report.

Dr. Parvathi:
“Learning through Questioning”

Dr. Rashmi:
Paper Planes activity

After lunch, Presentation and Group activity was directed by Dr. Rashmi on Paper Planes (Prepare and display a poster). All the participants enthusiastically participated in this activity by designing various types of paper planes with the use of material supplied to them and prepared the poster of the activity showing features of the paper plane like longest distance travelled in three attempts, take-off and landing, focused on durability etc. followed by discussion on it where participants narrated the whole story involving curious comments in much depth. The main aim of this activity was to know that such a small activity has great meaning about framing questions that require classroom activity: designing empirical methods, recording and reporting observations.

Excellent presentation was given by Dr. Chakane on the topic “Student research and autonomy” with examples of RBPTs he had implemented in his college. The goal was to know about the background, concept of student research and autonomy. In continuation with it Dr. Rashmi also showed examples of RBPTs, 5Rs and goals of RBPT. Many a times there is confusion between RBPT and research projects hence she had clearly pointed out the differences. Later on, all the trainers formed subject-wise groups of the participants and asked them to select topic for RBPT preparation.

Day Two:

The second day of the workshop had started with the Presentation by Dr. P. Kolla on “Elements of RBPT” he had revised the structure of RBPT and its six elements. This was followed by RBPT Examples in which the group activity and Presentation on one example of RBPT from each subject was done with at length discussion.

After tea break for the group activity Participants were asked to list topics from the syllabus where RBPTs can be implemented. Participant groups were separated in their Subject Rooms to develop a concept for a RBPT suitable for their subject and resources. This group activity was followed by delicious Lunch.

An interesting activity was conducted by Dr. Parvathi with her Presentation on -Teaching tools for the learning - Panda Activity. All the participants enjoyed to do this activity in which a sketch of bear was given and the participants were asked to draw panda from it. All the drawings of Panda were displayed for reviewing and discussion was focused on how to guide the students on the path from known to unknown.

Panda Activity: Participants viewpoint

Prepare a Poster for the RBPT

Each group was then split to respective Subject Rooms for preparing a poster to describe their RBPT. After Coffee the preliminary review of Posters was done followed by feedback from peers and trainers. Actually, there was Trainer-led discussion to review posters based on six elements and provide feedback to refine and improve their RBPTs.

Life Science

Mathematics

Chemistry

Physics

After a Tea break, very important information was delivered by Dr. Shilpa with her Presentation on- CoESME talk and Funding opportunities (Open to all Undergraduate Science teachers)

She had given every detail information regarding various training programmes organized by CoESME and different agencies which provide grants for the projects. Many queries were raised by the participants regarding research projects submitted to UGC which were very well answered by the trainers.

Day Three:

The third day started for Refining RBPTs. Mainly from the review of insights from Day one and Day two. The Participant groups refined their RBPTs based on learning reviews and finalized their posters as per subject. All the groups enthusiastically presented their posters in the display area. During tea all the trainers reviewed them and after photograph they were displayed one by one for presentation by each group and evaluation by peers. Five minutes time was given for the presentation and two minutes for discussion/feedback to each group. All the presentations were thoroughly observed by the peers and some suggestions were given to the respective groups. After lunch break the participants listed at least 2-3 possible RBPTs from curriculum followed by discussion on its implementation strategies.

RBPT POSTERS WITH THE GROUP OF PARTICIPANTS

RBPT PRESENTATIONS BY THE GROUP OF PARTICIPANTS

The main task of the workshop was to discuss blockers for implementation of RBPTs. The delegates were asked to consider all the factors that would affect their progress towards producing a perfect student. The factors were split into two groups as Hurdles that impeded the progress and Strategies which promoted progress. The main hurdles included:

- Teachers not ready to change.
- Students seem to be uninterested.
- Limited time span.
- English/Language constrain.
- Summative pattern dominates.
- Lack of basic knowledge.
- Principal/Authority need to be convinced.
- All topics cannot be covered by RBPT.
- Disparity in students understanding.
- RBPT must be implemented from school level.
- Adaptability by teachers.

The best suggestions were given by Dr. Shilpa and Dr. Anupama as enablers in achieving the goals of empowered students.

While Summing up the workshop Lead trainer Dr. P. Kolla talked about Setting SMART targets (Action planning) and also assessed the goals set from the workshop to prepare action plan for adopting RBPT. This workshop was a step in the direction of changing science teaching to resemble more the process of doing science. The trainers emphasized that students must do an activity by themselves to learn and to motivate them one has to give them an attractive context. After Closing and group photo a valedictory programme was conducted. Dr. Vinod Bhatkar, Head, Department of Physics was the chairman and Dr. Prasad Wadegaonkar was the chief guest. The valedictory programme was also anchored by Dr. Dinesh Khedkar, organizing secretary RBPT. The feedback from the participants had shown that all of the participants were excited to implement RBPTs in their colleges and they were thinking how they could kindle the inherent curiosity of their students. Such workshops need to be organized frequently to update the skill of teachers. Some selected participants will get an opportunity to participate in a Level one workshop later that will focus on making them trainers for conducting similar trainings.

Subject: Request for collaboration in organization of Workshop

Dear Dr.,

This communication has reference of discussion between Dr. Dinesh Khedkar and Dr. Apurva Barve during RBPT workshop at IIT, Gandhinagar, as well as interaction with Prof. L. S. Shashidhara during 26th Biennial Conference of The Asian Association For Biology Education (SEPTEMBER 20 – 24, 2016) at International Centre, Goa, India organized by Dr. Dinesh Khedkar as Organizing Secretary.

We are very much happy while forwarding this letter of intent to collaborate in organization of a **Six Day's workshop** for undergraduate teachers (Botany and Zoology) entitled "**Development of Pedagogical Tools to facilitate better learning experience at UG level**" at Shri Shivaji Science College, Amravati during June 2018. Its pleasurable for us to note that, we are conducting Shivaji Vidnyan Parishad for High School teachers since last five years as an annual feature of Shri Shivaji Education Society, Amravati with the support of Homi Bhabha Centre for Science Education, Mumbai. In this form we are providing great academic feasts for teachers working at school level.

Shri Shivaji Science College, Amravati, MS is NAAC re-accredited "A Grade" College with CGPA 3.13 in Third Cycle. The College has also earned a special reputation for being conferred with the status of a "College with Potential for Excellence" by the UGC for second phase. Additional feathers in the crown of the college are – identification by Department of Science and Technology, GoI for grants under FIST and Sant Gadge Baba Amravati University's nomination as "Lead College" for its area. We are also credited by Rajiv Gandhi Science and Technology Commission with the sanction of grants of Rs. 2.5 Crore to setup an institution as "Science and Innovation Activity Centre".

Being pioneer for many of the innovative ventures in academics and research, we are lending hands to extend the activity of CoESME to impart pedagogical training to teachers as well as hands on science education to students from various schools, colleges, universities and research institutes. We are planning to conduct a workshop for college teachers to support them for professional growth and satisfy essential requirement for Career Advancement Scheme. In this regard we are submitting project proposal to DST and DBT for support. To make this workshop milestone event in the upgradation of our education system emphasized in Pandit Madan Mohan Malaviya National Mission for Teachers and Training under the ambit of the Ministry of Human Resource Development.

Therefore, to make this event remarkable and out of box in the trend of routine workshops, we invite your kind collaboration in planning and execution. Please accept this letter of intent and convey the suitability of team from CoESME to participate as resource persons.

Looking forward to launch new modalities in T, L and E practices through this workshop.

With kindest regards,

Yours sincerely,

Subject: Submission of the Final Report and Audited UC /SE for Regional Workshop on Research Based Pedagogical tools held at Amravati

Dear Dr.,

As per the kind approval and the directives from of CoESME, IISER, Pune, we have conducted Regional Workshop on Research Based Pedagogical Tools for UG and PG Teachers. Its was held during 26 – 28 June, 2018 at this institute.

The detailed report with the audited SE and UC is enclosed herewith for your kind perusal.

We request you to kindly sanction the expenditure incurred upon the said workshop and reimburse the remaining amount of the sanctioned grant to the institutional credit.

Looking forward to have similar collaboration in future to organize fruitful events in benefit of the higher education.

With kindest regards,

Yours sincerely,

Service Book : • creation of new employee record • Entry of all service book entries such as - Personal memoranda , Appointment, Family, Qualification, Qualifying Services, Loan & advances, Nomination, Disciplinary action, Pay revisions & increments, Leave, Promotion & Transfer, LTC., Training & conferences attended / conducted....

• Digitization of Personal File

FINANCE

Using this module, any number of Accounts (Cash books) can be maintained for any number of financial years.

- > **Master creation** - Cash book, Ledger heads, Final a/c main & sub heads.
- > Receipt, Payment & JV entries & Voucher Printing
- > Fees entries direct transfer to accounts
- > Cheque Printing & Bank Reconciliation
- > **Reports** - Vouchers, Cash / Bank / JV & Day book, Ledgers
- > **Final Accounts** - Trial balance, Balance sheet, Receipt & Payment, Income & Expenditure statement, Schedules

STORES

This module computerizes the complete stores data & transactions right from inception of the College and generates various reports online. Transactions related to purchase, issue & transfer of inventory can be computerized. The module is flexible & User can define any number of items, vendors, departments / sections etc. Following types of reports are generated.

Reports

- > Quotation Letter, Comparative statement, PO > Stock Ledger
- > Centralized / Departmental stock register > Current Stock Position
- > Daily goods receipt / issue register > Reorder level report
- > Department-wise value of total stock > Invoice wise balance item report

HOSTEL

Hostel module computerizes Hostel activities such as – Admissions, Fees, Mess allotment & monthly mess bills, Attendance etc.

- > Defining Hostel, Rooms, assts & Strength in each room, standard fee..
- > Hostel Admissions & fees > Admission Cancellation & refund
- > Hostel room, assets & Mess allotment > Monthly Mess Bill
- > Hostel student leave management > Guest Rooms
- > Six monthly / Yearly refund & recovery

Reports

- > Hostel-wise student list & Admission Register > Cancellation report
- > Hostel ID-Cards > Student certificates > Vacant Rooms Report
- > Attendance Report - Hostel / Mess Daily / Monthly
- > Hostel Fees & mess bill Collection Report > Room Assets Report

WEBSITE

We provide a elegant & professional website with following links.

- > **Infrastructure** – Building, Classrooms, Library, Computer Center, Hostel, Sports, Bank & Post Office, Canteen, Shops
- > **Academics** - Courses offered & Admission procedures
- > **Teaching Departments** - Faculty, Lab, Facilities, R & D
- > **About Us** - Mission, History, Management & Administration
- > **People** - Faculty, Officers & staff, Students & Alumni
- > **Achievements** - Awards, Collaborations & Donations
- > **Events** - Cultural, Conference, Seminar, Sports, Convocation
- > **Dynamic Links** - Alumni, Faculty, News, Gallery & Feedback
- SMS & Email Solution, Contact us, Admin

LIBRARY MANAGEMENT SYSTEM

This is an integrated, multi-user package for the computerization of in house work of Library. LIB MAN provides free multilingual & unicode font. This supports UHF RFID Library Automation. Lib Man supports multiple currency & Exchange rates. Data can be imported from ISBN, MARC standards & can be Exported to Word, XL, PDF, etc. It provides SMS & E-mail alerts on transactions. Modules of Lib Man:

Acquisitions & Cataloguing - • Requisition & Purchase Order Book Accessioning, Invoice processing & Payments • AACR2 Cataloguing • Binding, Write off & Stock Verification

Circulation - • B. T. records • Circulation • Reservation systems • Book bank • Reference Books • Notices, Clearance & Fine

WEB OPAC - Online Public Access Catalogue. search according to Title, Author, Subject, Publisher, Class No, Accession, ISBN, Pub. Year, Place, Word in a title, Belonging, Key word, Combinationa...

Serial Controls - • New / Renewal subscription order & reminders • Binding of serial • Circulation • Indexing & Serial OPAC • Newspaper, paper cutting & OPAC • Payment notices • Current Arrivals • Expected periodicals list

MIS Reports - • Utilization of documents • Budget Analysis • Reservation / Claims analysis • Graphical reports • Summary & Analysis of documents

M-OPAC - is a smart phone based Book search App for Patrons. Patron can search Book from his own Campus Library or many other Libraries. **Search according to** : Title, Author, Subject, Publisher, Class No, Accession No., Combinational....M-OPAc permits Book Reservation, Inter Library Loan & enables Rare book search.

E-LEARNING

e-Learning, also known as ITLE (Interactive Teaching and Learning Environment) is On-line Teaching - Learning process having a rich set of tools and resources such as Online Test, e-Library, Assignments, Virtual Notice Board, Discussion Forum, Chatting, for interaction between Faculty and Student. It integrates all mathematical symbols & User created diagrams. It provides following facilities.

For Faculty - Creation of - Syllabus, Teaching plan, Lecture Notes, Assignment, Question Bank, E-Library Links, Announcement, Test Exam from question Bank. Evaluation of Assignment and Answering the Questions of students.

For Student - Access - Assignments, Syllabus, Teaching Plan, Lecture Notes & e-library. Submission of Assignments, Appear for on-line test, Ask Questions & View Reply, participate in Forum & chatting.

Online Test - Faculty can create Descriptive & Objective Tests from question bank on selected topic by selecting questions manually or randomly and can define parameters of test - Date & time, duration....

Reports

- > Syllabus, Teaching plan, Lecture Notes > Assignment & test Results > Answer Sheet Copy > Roll list with Photos

SMS & GROUP MAILS

- > **To students & parents** - for Schedules of lectures & exam, Holidays, Attendance, Meeting notices, Fees dues, Results, Library
- > **To Vendors** - for quotations, PO & cheque collections
- > **To Faculty** - Notices, Holidays, Examinations, invigilation etc.

INTER-COLLEGIATE RESEARCH FESTIVAL - AVISHKAR-2018
TEACHER COORDINATOR WORKSHOP

It's a matter of immense pleasure that Hon. Vice Chancellor, Sant Gadge Baba Amravati University, Amravati has been nominated college for the organization of Amravati district level Avishkar -2018 as well as **Teacher coordinator workshop** at Shri Shivaji science College, Amravati.

The **Teacher coordinator workshop** was organized for bringing awareness in teacher coordinator about the objective of Avishkar, to promote and encourage the budding researchers to participate in Avishkar. It is essential to inculcate research culture and temperament among the budding research scholars. The aim of the workshop is inculcating research attitude among the students and motivating them to take up research works.

The event was organized at Shri Shivaji Science College, Amravati on Saturday, September 8 2018: 10.30 am. **Dr. Dr. D.T. Ingole**, Director, Board of Innovation, Incubation and Linkages Sant Gadge Baba Amravati University, Amravati inaugurated the festival, **Dr. V.G. Thakare**, Principal of Shri Shivaji Science College, Amravati presided over the function. Introductory remarks were expressed by, **Dr. Ananad Aswar** Co-ordinator, Avishkar cell, Sant Gadge Baba Amravati University Amravati and Dr.D.V. Hande District Coordinator proposed vote of thanks.

Resource persons were invited for the motivation of teacher coordinator. These are as follows:

Dr. D.T. Ingole Director, Board of Innovation, Incubation and Linkages Sant Gadge Baba Amravati University, Amravati	Dr. Anand Aswar Coordinator, Avishkar cell Sant Gadge Baba Amravati University, Amravati	Dr. Mrs. M.M. Chimote Dept of Marathi Sant Gadge Baba Amravati University, Amravati
Dr. D.Y. Chacharkar Dept of MBA Sant Gadge Baba Amravati University, Amravati	Dr. Prashant Gawande Dept of Botany Sant Gadge Baba Amravati University, Amravati	Dr. C.M. Deshmukh Shri Shivaji College of Agriculture Amravati

Panel discussion	Dr. Anand Aswar, Dr. M.M. Chimote, Dr. C.M. Deshmukh, Dr.P.A. Gawande	Chairman: Dr. H.S. Lunge Coordinator, IQAC Shri Shivaji Science College, Amravati
-------------------------	--	---

Total 56 teachers were actively participated from various colleges of Sant Gadge Baba Amravati University Amravati. All the teachers had clear their ideas about how to select topic and allotted to students they actively participated in panel discussion and presented their remarks and hope to workshop will be benefited for the motivation of students to participation in the District level Avishkar 2018 with quality projects.

Maple Software Training Workshop

The Maple Training Workshop was organized at Department of Physics on **08th October 2018 (Monday)**. This workshop is dedicated to exploring different aspects of the math software Maple, including Maple's impact on education, new symbolic computation algorithms and techniques, and the wide range of Maple applications. The attendees were the faculties of Physics, Mathematics, Statistics and Computer Science departments along with M.Sc. Physics students. The attendees had the opportunity to learn about the latest research and interact with Maple developers during this workshop.

The workshop includes presentation of the expert on Maple as computational tool for scientific & technological applications and how it can be used to improve the teaching and learning process. The presentation followed by the discussion of the faculty from the Department of Physics, Mathematics, Statistics and Computer Science on the different aspects of Maple. Maplesoft staff also offered Maple training sessions in future on a variety of topics.

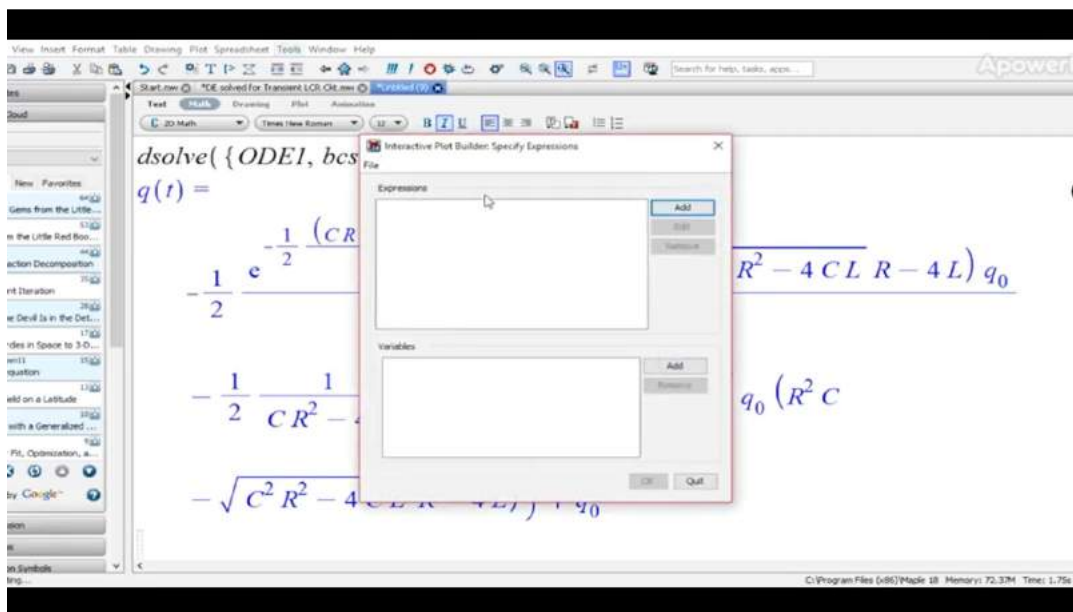

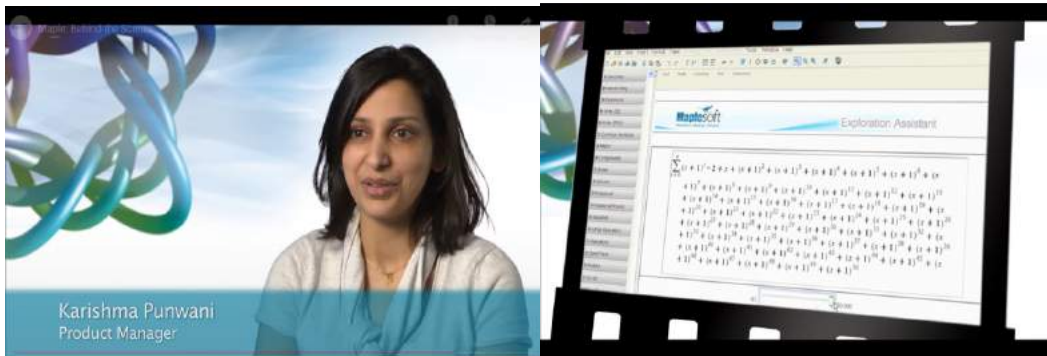

The Maple engineer explained and demonstrate the following features of Maple 2018.

Features Maple 2018 Academic Software for Mathematical Modelling and Simulation:

- Maple is a mathematical Modelling software which combines with world's most powerful math engine.
- 5000 + mathematical functions cover every aspect of math's and Physics.
- Easy Drag and drop Software for Generation of Question papers, Assignments, Research, Plots, diagrams and converting in Latex.
- It also provides the platform to directly export the maple file into other formats like HTML, PDF, Latex, Rich Text Format and many others.
- Used by 9000+ institute worldwide
- It provides a platform to deal with pure mathematical topics like Linear Algebra, P.D.E,O.D.E, Optimization, Number theory ,Physics, Statistics and many others with just drag and drop feature.

- It has a unique code generation feature, which help its users to convert maple code into 11 other languages like C++, Java, C#, Visual Basics, Python, R and etc.
- 2D & 3D plotting and animation , with the customization feature.
- Symbolic, numeric and hybrid computations algorithms.
- Perpetual license.
- Student / teacher help center.
- Specialized teacher resource center.
- Worldwide connecting platform(Maple Community)

During the workshop KarismaPunwani, Product Manager Maple Soft shared the experiences by the users of Maple software online.

In the second session on the same day Dr. Shamkant Anwane, Associate Professor Department of Physics and Coordinator, Career Oriented Course, Maple Laboratory, SSES'S Science College, Nagpur, presented his experiences with Maple software.

Newtons Law of Cooling
According to Newtons law of cooling "The rate of cooling is proportional to the difference of the cooling object temperature and its surrounding". If temperature of air is 30°C and substance cools from 100°C to 70°C in 15 minutes, find when the temperature will be 40°C .

restart;
Eq1 := diff(T(t), t) = -k (T(t) - 30); solve({Eq1});

$$\frac{d}{dt} T(t) = -k(T(t) - 30)$$

$$\{T(t) = 30 + e^{-kt} \cdot C1\}$$

BCS := T(0) = 100;
Eq2 := solve({Eq1, BCS});

$$T(t) = 30 + 70 e^{-kt}$$

To find out k, we need one more BC for $t=15*60$, $T(15*60)=70$. BCS1:=T(0)=100,T(900)=70;
BCS1 := T(0) = 100, T(900) = 70;

Following teachers were participated in the workshop

1. Dr. V.B. Bhatkar (Physics)
2. Dr. W.S. Barde (Physics)

Report of the 20th Annual Convention and Seminar on “Research Methodology in Current Context.”

The 20th Annual Convention and Seminar on ““Research Methodology in Current Context.” have been organised by Department of Chemistry, Shri Shivaji Science College, Amravati on Sunday, December 02, 2018. The inaugural function was presided over by Hon’able Chair person **Shri Dilipbabu Ingole**, Treasurer, Shri Shivaji Education Society, Amravati. The function was inaugurated by Hon’ble **Prof. P.P. Mahulikar**, Pro-Vice Chancellor, KBC North Maharashtra University Jalgaon. **Dr. V. G. Thakare**, Principal, Shri Shivaji Science College, Amravati.& President AUCTA, Amravati, **Dr. G.N.Chaudhari, Professor & Head** Department of Chemistry, Shri Shivaji Science College, Amravati, **Dr.P.R.Mandlik**, Secretary, AUCTA, Amravati, **Dr. P.R.Padole**, Co-ordinator of the function were also present on the dais.

Hon’ble **Prof. P.P. Mahulikar**, Pro-Vice Chancellor, KBC North Maharashtra University Jalgaon had delivered a key-note address on the topic ““Research Methodology in Current Context.”. More than 170 teachers of various colleges affiliated to Sant Gadge Baba Amravati University, Amravati and 40 students of UG & PG actively participated in this seminar.

On this occasion, teachers elected as senate member, member of academic council of SGBAU Amravati were felicitated for their achievements. Four retired teachers, namely, Dr. S. P. Deshmukh, Akola, Dr. B. N. Berad Nagpur, Dr.R. M. Kedar Amravati & Dr. S R. Dighade Badnera, who serve their entire life for nurturing and popularizing the subject Chemistry, AUCTA has felicitated such peoples for their work and contribution in chemistry.

Teachers who awarded Ph.D. degree in the subject of Chemistry from Sant Gadge Baba Amravati University, Amravati have also been honoured. Felicitations of the Merit Students (UG & PG) was done at the hands of dignitaries by awarding gold medals for their outstanding achievements in S. G. B. Amravati University. Amravati, Summer-2017 examination in the subject Chemistry. Toppers of General Aptitude Test 2017-18 organised by AUCTA were also felicitated on this occasion.

Annual general body meeting was conducted in the second session of the program with very fruitful discussion and thereafter, election of office bearer. After the election programme, the newly elected members of managing committee were felicitated by the Dr. V. G. Thakare, President AUCTA. The newly elected President of AUCTA Dr. P. R. Rajput has delivered his views about the forthcoming line of action of the association. The program was concluded with the vote of thanks by Dr. P. R. Mandlik, Secretary of the association.

Our software and services are mainly based around the following attributes:

Modern Technologies

Cloud education ERP is integrated with modern technologies like FeePayr, our portal for online fees payment and biometric & RFID technology which is supported by the library management software.

Support And Backup

When colleges seek ERP solutions for their institution what they are actually looking out for is a software which not only manages every teeny-tiny activity of the college but also ensures effective support, retrieval and efficacy of data.

Customization

College automation software has many functions, predetermined actions and tabs, thus will reduce the administrative work of colleges. Moreover, colleges have their own rules and regulations which are peculiar to their very institution; for such colleges we offer customization.

Training

MasterSoft assures significant implementation and training sessions for college ERP software before installing it. It drives staff and users towards a regularised pattern of functioning.

Data Security

Moreover, it makes sure that data and confidential information of the college stays secure, under the vigilance of the admin and protected from external threats.

Cost Efficient

When ERP is cloud based, colleges do not have to invest heavily on hardware installations. The greatest functional fact is that it can have many users across different college departments.

MasterSoft College Management System is an end-to-end solution for colleges to improve operational efficiency & institutional outcomes by automating Student-Faculty lifecycle and campus administration. Hosted on cloud, this college ERP helps educators to streamline all the core activities with the latest technology stack such as biometrics, business intelligence tools & analytics dashboard that generates precise reports on college admission, enrollment, scholarship, previous academic record, domicile, fees, alerts, attendance and compliance management.

MasterSoft's College ERP has 25+ pro modules and 30+ inbuilt modules. This software is designed keeping in mind the different operations of a college. Our team understands that for any college to function their administrative processes plausibly, should and must opt for an cloud education ERP, for the following reasons -

- Manual work reduces considerably
- Operations of Academic and Non-Academic department get in-synched
- Generates reports/ receipts/ drafts for all modules
- Data stays secure
- Affordable Customization
- Modern Web Technologies
- Reasonably priced
- 24x7 online and offline support

Self Plagiarism

- The practice of an author using portions of their previous writings on the same topic in another of their publications, without specifically citing it formally in quotes.
- This practice is widespread and at times unintentional
- Violates the copyright that has been assigned to the publisher
- No consensus whether this is scientific misconduct
- If journals have developed a policy on this matter, it should be clearly stated for authors.

Types of Plagiarism: Copying

The most well-known and, sadly, the most common type of plagiarism is the simplest: copying. If you copy someone else's work and put your name on it, you have plagiarized.

Plagiarism defined:

Plagiarism:
the act of presenting another's work or ideas as your own.

The word "plagiarism" comes from the Latin *plagiarus* meaning "kidnapper"

WADIA MOVIE TONE PVT LTD V. VISHAL BHARADWAJ(2017 CASE)

- ▶ **Facts:** The movie 'Hunterwali' released in the year 1930s had copyright in a unique character 'Fearless Nadia' a stuntwoman. The defendant produced another movie 'Rangoon' in the year 2016 starring Kangana Ranuat in the leading role with the character's name 'Janbaaz Julie' but they landed into a legal battle with the Wadias when they accused of copyrighting the character 'Janbaaz Julie' from 'Fearless Nadia'. The costume, the character sketch, the style of walking, wearing a mask, a whip, being a stunt woman and using the phrase 'Bloody Hell'. Everything was copied from 'Fearless Nadia' character.'
- ▶ **Issue:** Whether infringement of the character 'Fearless Nadia' took place???
- ▶ **Held:** Court held that as there were substantial copying of the character, Rangoon of Vishal Bharadwaj was accused of infringement was asked to pay bank Guarantee of two crores etc.

PRINCIPLES OF DETERMINING INFRINGEMENT

- ▶ Direct Copying
- ▶ Indirect Copying
- ▶ Substantial copying

Substantial copying means copying major part of the author. Even if a part copied it would lead to substantial copying if it is a very important part of the author's work.

Case: D Narayan Rao V. Prasad

Facts: Defendant had borrowed a part of the speech which was only two and half minute duration in a three hour film.

Held: Court held that substantial part of the speech had been copied.

NOTE

- ▶ Whether an act is an infringement or not would depend on the fact whether copyright is subsisting in the work or not.
- ▶ Granted for a specified period of time. (Term: Lifetime plus 60)
- ▶ In case the copyright in the case has expired, the work falls in **PUBLIC DOMAIN** and any act of reproduction of the work by any person other than the author would not amount to infringement.

Copyright Office
Government of India

Introduction

The Copyright Act, 1957 came into effect from January 1958. This Act has been amended five times since then, i.e., in 1983, 1994, 1992, 1994, 1999 and 2012. The Copyright (Amendment) Act, 2012 is the most substantial. The main reason for amendments to the Copyright Act, 1957 include to bring the Act in conformity with WTO and TRIPS to protect the Music and Film Industry and address its concerns; to address the concerns of the physically disabled and to protect the interests of the author of any work; incidental changes to remove operational facilities, and enforcement of rights; Some of the important amendments to the Copyright Act in 2012 are extension of copyright protection in the digital environment such as penalties for circumvention of technological protection measures and rights management information, and liability of internet service provider and introduction of statutory license for cover versions and broadcasting organizations; ensuring right to receive royalties for authors, and music composers, exclusive economic and moral rights to performers, equal membership rights in copyright societies for authors and other right owners and extension of copyright for physically disabled to access any works.

Copyright Office

Section 9 of the Copyright Act requires for establishment of an office to be called the Copyright Office for the purpose of the Act. The Copyright Office is to be under the immediate control of a Registrar of Copyrights to be appointed by the Central Government, who would act under the superintendence and directions of the Central Government. The Copyright Office is currently located at the following address:

4th Floor, Jeevan Deep Building
Parliament Street
New Delhi - 110001
Telephone No. : 011-11-23364056

Using Copyrighted Works

- There are generally three circumstances where you can use original works you did not create on your website projects:
 - you have expressed permission to use the work from the owner;
 - the use of the work falls within the **Fair Use Guidelines**; and/or
 - the work is in the **Public Domain**.

RESEARCH METHODOLOGY COURSE (RMC-21) FOR Ph.D. RESEARCH SCHOLARS IN FACULTY OF SCIENCE.

Date: 11 and 12 April 2021

Venue: Department of Chemistry

Registered participants: 62

The aim and objectives: The aim of RMC-21 is a way to systematically solve a research problem. It is a science of studying how research is done specifically. The workshop is mainly for PhD scholar in order to enhance the knowledge while perusing PhD and achieve their goal. It was mix reaction to organize such workshop in the COVID pandemic because of time constraint and to conduct it online mode but any way it was good response from participant's sides.

Day 1: on day 1 the inaugural function for the inaugural, respected Principal Dr. V.G.Thakare, Chair The session, Dr. G.N. Chaudhari, Prof and Head Department of Chemistry, Convener of the workshop and vote of thanks was given by Dr. N.R. Thakare.

In the workshop Day one has two lectures for the first session, the speaker Dr. Ranjit Thomas delivers his talk on "Academic writing in Sciences plagiarism citation and ethics" and second speaker was Dr. N.S.Chandan delivered his talk on "Research Opportunities in India and abroad " the session was chaired by Dr. A. S. Burghate , Professor in Chemistry.

For the second session Dr. Payal Joshi, delivered her talk on "preparing a robust supplementary information research data" The session was chaired by Dr. P.R.Padole, Professor in Chemistry.

Day 2:

For the first session, the speaker were Dr. Pravin Ingole –IIT Delhi deliver his talk on "writing your research proposal? Mind some key aspect" and second speaker was Prof. Vivek Poleshettiwar, TIFR Mumbai delivered his talk on "how to conduct novel and quality research" the session was chaired by Dr. yogita Thakare

For the second session, the speaker were Dr. H.S. Lunge Professor in Statistics delivered his talk on “Data analytics and its interpretation” and second speaker was Dr. P.R. Bhagat Professor in Chemistry, VIT Vellore deliver his talk on “Importance of research area in Basic sciences and ethics” and the session was chaired by Dr. P. R. Mandlik , Professor in Chemistry.

Workshop for the Principals and Conveners of Career Counselling Cell of Colleges

30th Nov. 2021 at 3.00 PM

Place: Sir C. V. Raman Hall, Shri Shivaji Science College, Amravati

Report

Shri Shivaji Science College, Amravati has taken an initiative to promote special program launched by Department of Higher and Technical Education, Govt of Maharashtra as the Career Counselling Programme entitled “करिअर कट्टा” in coordination with Maharashtra Information Technology Support Centre. This programme envisioned dedicated counselling to the students for preparation of Civil Services Examinations and Entrepreneurship Development.

The Directors of Higher Education and Technical Education, Maharashtra State and the Joint Directors of Higher Education and Technical Education from Amravati Region have also appealed all the colleges to participate in the “करिअर कट्टा”. This programme envisioned dedicated counselling to the students for preparation of Civil Services Examinations and Entrepreneurship Development.

On this occasion, Career Counselling and Entrepreneurship Development Cell of Shri Shivaji Science College, Amravati has inaugurated “करिअर कट्टा” for the college students, and invited all the Principals and Conveners of Career Counselling Cell of Colleges affiliated to Sant Gadge Baba Amravati University for the workshop to facilitate the activities under this program.

The “करिअर कट्टा” was inaugurated by the Chief Guest of the Workshop **Hon’ble Shri Shesharaoji Khade**, Secretary, Shri Shivaji Education Society, Amravati. Inaugural session of the workshop was chaired by Dr. G. V. Korpe, Principal, Shri Shivaji Science College, Amravati. The other dignitaries like **Hon’ble Dr V. G. Thakare**, Director, Higher Education, Shri Shivaji Education

Society, Amravati; **Hon'ble Dr Avinash Moharil**, Principal, Mahila Mahavidyalaya, Amravati; **Hon'ble Dr V. R. Mankar**, Joint Director, Technical Education, Amravati Region, Amravati and **Hon'ble Shri Yashwant Shitole**, President, Maharashtra Information and Technology Support Centre have graced the occasion. Shri Yashwant Shitole elaborated the concept of the “करिअर कट्टा” and the various activities proposed under the same. All the dignitaries appreciated the concept and advocated that, all the colleges much motivate their students to actively involve and reap benefit from the variety of the creative and fruitful programs.

In the second session of the workshop, Shri Yashwant Shitole, President, Maharashtra Information and Technology Support Centre, explained expectations, methodology, benefits to the students and colleges; various activities planned under the program, etc. to all the participants. He used online tools to connect all the participants to this project. Dr. Dinesh Khedkar, Convener, Career Counselling and Entrepreneurship Development Cell of Shri Shivaji Science College, Amravati hosted the sessions and Dr. Swapnil Arsad, Member of the Cell proposed vote of the thanks.

The participation for this workshop was very good. 131 Principals and 152 Conveners actively partaken and registered for the “करिअर कट्टा”.
